ROOSEVELTS IN NEW MOVE TO DRAFT IKE

It's Reported General Has Said He's Not Available for Either Party.

By The Associated Press

WASHINGTON, March 27 — Dwight D. Eisenhower was being pushed into a new political corner today by anti-Truman Democrats who want him as their party presidential candidate.

The general, who froze a GOP draft-Ike drive last January, is reported to have told friends in the last few days he is no more available for the Democratic nomination than he was for the Republican post.

But this may not be enough to head off a new movement that has all the signs of an organized drive.

If it isn't, Eisenhower's friends predict the retired Army chief of staff will make another statement.

The general didn't leave much room for doubt about his position in January. He said the "decision to remove myself completely from the political scene is definite and positive."

When he said he "could not accept" a nomination, he did not specify party, it was pointed out. There are some indications that Eisenhower's views about the Democratic nomination may have been passed along to President Truman.

Truman the Target

It was directly against the President that the latest converts to the draft-Ike movement aimed their arrows. These came from two sons of the late President Roosevelt, Franklin D., Jr., and Elliott.

They both urged Eisenhower to become a candidate—and in doing so, apparently split the Roosevelt family.

In California son James, the Democratic state chairman, had not smoothed over a threatened delegate revolt against Mr. Truman on the Palestine issue. And in Phoenix, Mrs. Anna Boettiger, the late President's daughter, indicated her opposition to a military man heading the government.

Franklin told a newsconference in New York yesterday that Eisenhower should be drafted for the nomination. He said he spoke for "an individual, citizen and a veteran."

From Hyde Park, Elliott issued a statement saying Eisenhower would be a Democratic "unity" candidate to "rally liberals and conservatives in a program of American leadership to sell democracy throughout the world."

Organized Move Indicated

On the heels of pro-Eisenhower statements by Dixie civil rights rebels and of Jacob Every, Chicago Democratic leader, these moves seemed to add up to an organized draft.

Neither Elliott nor Franklin mentioned Mr. Truman. But both went to town on Henry Wallace. Elliott said he had rejected a bid by C. B. Baldwin, Wallace's campaign manager, to enter the third party candidate. Wallace's running mate, Senator Taylor of Idaho, menawhile got into some trouble. Two Boise veterans who expressed "disgust for the man's action" began circulating recall petitions against him.

Franklin Roosevelt said Wallace has no conceivable way reflects or inherits the liberal objectives and principles of my late father." He added that Wallace is "conniving and dividing the country," at a moment of crisis.

Wallace had no immediate comment on the Roosevelt brothers' statements.

Remarking that none of the Republican hopefuls has shown any marked ability to unite the American people," Franklin continued:

"Circumstance requires a man who will convince the Russian rulers that the constant aim of our policy is to secure the lasting peace for which World War II was fought and who, at the same time will take all necessary steps to stop further aggression, direct or indirect, by the U. S. or against the free peoples of the world."

Ohio River Swelling, Indicates Flood Stage

By The Associated Press

CINCINNATI, March 27—The swollen Ohio river rose rapidly here this morning and the U. S. weather bureau said flood stage "is indicated."

On the heels of last night's heavy rains, the river moved upward at the rate of a half-foot an hour and at 9 a. m., the stage was 52 feet, five feet below flood level. The weather bureau said a flood warning was in preparation and would be issued shortly.

HOSPITAL PLAN TO BE STUDIED

All Interested Persons Urged To Attend Meeting Here Monday Night.

Residents of Marion and the area served by the Marion City hospital have been urged to attend the public meeting Monday night at 8 p. m. in Central Junior high school when state officials will report on a survey of the city hospital facilities.

The Marion Civic Planning Association has called attention of its various committees to the meeting urging full attendance. Letters urging attendance were mailed to all members this week by Bernhard Peterson, executive committee chairman.

Trustees Invited

Mayor Harry L. Dowler has mailed letters of invitation to township trustees in all Marion county townships and townships outside of Marion county that would be under the scope of the hospital district.

These townships include Marseilles, Mifflin, Crane, Pitt and Sandusky townships in Wyandot county, Jackson and Claiborne townships in Union county and Canaan, Gilead, Cardington and Lincoln townships in Morrow county.

The survey report will be made by Dr. A. J. Borosky, chief of the state office of hospital facilities, A. M. Settles construction consultant for that office and C. J. Mosher of the hospital facilities staff.

To Affect Course of Action

Information presented at this time may have direct bearing on whatever plan of action is taken here to provide much needed additional hospital facilities, Mayor Dowler said.

The survey is expected to show to what extent the present city hospital can qualify for federal aid in the Ohio plan for increased hospital facilities. The state officials have analyzed the present hospital building and temporary addition, and have been asked by Mayor Dowler to make recommendations as to whether it would be feasible to add to the present facilities or erect a new hospital.

Cold and Cloudy Is Gloomy Easter Weather Forecast

The weatherman's popularity rating will reach a new low if his prediction for Easter Sunday comes true. "Partly cloudy and rather cold" is the answer to what Easter paraders may look forward to in the way of weather.

Easter finery also appeared likely to be shrouded under winter coats, a dispatch by the United Press reports. Although the weather bureau said it would be clear, the mercury is expected to dip to 34 above in the morning and then rise to a high of 48 Sunday afternoon, the dispatch continues.

The dispatch further hints that milady's Easter bonnet will be placed in a precarious position if winds with speeds up to 50 miles an hour, predicted for Ohio today, continue through Easter Sunday. Gusts may reach speeds of 50 miles an hour with the average velocity set between 15 and 20 this afternoon, according to the dispatch.

Marion churches will be filled and streets gay with the colorful costumes and smart togs worn by Mr. and Mrs. Marion and, as in former Easter parades, the small frys will attract plenty of attention with their contributions to the picture.

Taft-Hartley Ruling Given

Injunction Against Violations by Printers' Union Issued by Federal Judge.

By The Associated Press

INDIANAPOLIS, March 27 — Federal Judge Luther M. Swygert today issued a temporary injunction against the AFL International Typographical Union restraining it from violating the Taft-Hartley law.

The injunction will remain in effect until the case against the ITU before the national labor relations board is settled.

The court order names the ITU, its president, Woodruff Randolph, and other officers of the union.

They are restrained from authorizing or encouraging "subordinate local unions and members of * * * International Typographical Union * * * to engage in or to continue to engage in any strikes, slowdowns, walkouts or other disruptions of any kind to the business operations of employers in the newspaper publishing industry" in maintaining contracts which violate the Taft-Hartley law.

Gerhard Van Arkel, ITU counsel, said in Washington that the union "probably will appeal." He delayed a definite statement on this until the ITU lawyers could read the order and confer about it.

The suit against the Printers' union was filed by the general counsel of the NLRB Jan. 16. It was aimed at halting strikes in the newspaper industry.

This test of the Taft-Hartley labor relations law was the subject of two hearings which lasted two weeks.

Judge Swygert's injunction forbids the national ITU officers to cause in any way the local unions:

▶To refuse to bargain or refrain from bargaining collectively in good faith with employers with respect to wages, hours, and other terms and conditions of employment or the negotiation of an agreement or any question arising thereunder.

▶To refuse to execute or refrain from executing, upon request, a written contract incorporating any agreement reached.

▶To refuse to bargain, or refrain from bargaining collectively in good faith with employers for collective bargaining contracts for a definite term in accordance with the practice and custom established by respondent International Typographical Union and its subordinate local unions in their bargaining with representatives of the newspaper industry over the course of years.

In his conclusion Judge Swygert found "that the ITU has caused, or attempted to cause, * * * employers to discriminate against non-members of the ITU in regard to hire, tenure or conditions of employment."

The union has restrained employes "in the exercise of the right to bargain collectively through representatives of their choosing" the ruling continued.

Referring to the ITU strikes the judge's opinion said:

"Generally, the strikes have

TWO BROTHERS DIE AT PLAY AS AUTO BURNS

Children Fatally Injured as Car Catches Fire in Hardin County.

Special to The Star

KENTON, March 27 — Two young brothers were burned fatally Friday afternoon when the family car in which they were playing mysteriously caught fire at their home in Dunkirk.

The victims were Rickey Miller, who would have been three tomorrow, Easter Sunday, and Ronnie Miller, 2, sons of Mr. and Mrs. John Miller of Dunkirk.

Screams Warn Mother

The accident occurred about 4 o'clock. The mother of the boys, working inside the house, was aroused by the screams of the two children and ran outside. She got there in time to drag Ronnie from the blazing vehicle, but the flames were so intense she could not reach Rickey. Ronnie was rushed to San Antonio hospital in Kenton where he died at 1 a. m. today.

Rickey's body was found in the charred car after the Dunkirk volunteer fire department put out the flames.

Origin of the fire is not known, but firemen who examined the car said it apparently began under the dashboard. The car was parked in the driveway at the home and had been used previously in the day. The flames virtually destroyed it.

Two Other Children

The Millers have two other children, Mary Jane and Joyce Ann. The father is employed in Lima and was at work at the time of the accident.

Joint funeral services for the children will be held at 3:30 p. m. Sunday in the Keiper funeral home at Dunkirk.

CRESTLINE DOCTOR HURT IN ATTACK

Special to The Star

CRESTLINE, March 27—Emergency hospital attaches this morning reported the condition of Dr. T. D. Sawyer as "improved."

He was the victim of an attack by an unknown assailant on a downtown street at 2 a. m. Thursday. He suffered two stab wounds in the left shoulder blade.

Police were appraised of the attack by the attending physician, Dr. John Agnew, who was summoned to aid the injured man, and ordered his removal to Emergency hospital.

Police Chief Paul Kindinger today reported a thorough investigation of the attack is in progress. Local authorities are at a loss for a motive in the attack as the victim is a popular physician here, reported by police as "well liked" in the community.

Annual Campaign for Cancer Funds To Open Here April 5

The Marion County Chapter of the American Cancer society will join other chapters throughout the country next month in the nationwide campaign to raise funds to finance research in the prevention and cure of the disease, it was announced today by Mrs. J. Malcolm Strelitz, county commander. Marion county's goal is $7,500.

Funds realized in the national campaign are used to carry on a program of cancer research, education and medical service.

Paul Bachman will serve as campaign chairman and the drive will get under way on April 5, with a dinner at Hotel Harding. Dr. William C. Myers of the faculty of Ohio State university, Columbus, will be the speaker.

Pre-campaign activities include an essay contest for juniors and sophomore pupils of the public, parochial and county schools. Mrs. George E. Planck is chairman of the contest which closes March 30. Awards will be presented at the dinner.

Division Heads

Mrs. Strelitz will serve as city chairman and county workers will be headed by Mrs. A. B. Augenstein. Mrs. Frederick Merchant is chairman for the house-to-house canvass and Mrs. W. A. Dennis is co-chairman. Heading other groups are: Mrs. LeRoy Clauer, clubs and associations; Robert C. Owens, Robert L. LaMarche, J. H. Walker and Paul Bachman, industries; Mr. Bachman, Mrs. Strelitz, Dr. Frederick Merchant, Dr. A. E. Morrison and Mrs. H. K. Mouser, special gifts.

Publicity is in charge of Miss Madge Cooper, radio, Mrs. George E. Planck, press and student contest, Mrs. LeRoy Schneider, special campaign; speakers, Dr. A. E. Morrison, Dr. Frederick Merchant, Mrs. H. K. Mouser, Mrs. Frederick Merchant, Mrs. George E. Planck, Mrs. Strelitz and Mrs. Charles E. Sherer; special events, Mrs. LeRoy Clauer, Mrs. Walter E. Hane, Mrs. John Gillis and Mrs. Fred Kempton. The Junior Chamber of Commerce is in charge of arrangements for a tag day and the campaign will be directed in the schools by Lester L. Dickey, superintendent of the Marion public schools, Very Rev. William J. Spickerman, V.F., parochial schools and D. T. Mills, superintendent of the county schools.

Drive in Theaters

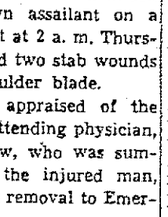
Contributions in the theaters will be in charge of the Altrusa and Business and Professional Women's clubs, Rev. Henry Schaeffer will present the drive to the Marion County Ministerial association, men of the city fire department will be in charge of placing the containers in business and other public places and Mrs. A. M. Augenstein will present the cause to the Farm Bureau and Granges. Serving as social service chairman will be Mrs. Frederick Rea. On the advisory committee of the county unit are Dr. and Mrs. H. K. Mouser, Dr. A. E. Morrison, Dr. Frederick Merchant, Dr. Robert Campbell, Dr. F. V. Murphy, the Marion Medical association, Mrs. Strelitz, Mrs. Planck, Mrs. Sherer and Mr. Bachman.

Fetter Resigns St. Mary Post To Coach at Ohio Northern

Eugene P. Fetter, football and basketball coach at St. Mary Parochial High school, today tendered his resignation to Rev. Father William J. Spickerman, V. F., president of the St. Mary Athletic board, effective Sept. 1.

Fetter resigned to become an assistant coach at his alma mater, Ohio Northern university in Ada, O.

One of the most successful coaches in St. Mary history, Fetter's basketball team this season won 20 games while losing five, advancing to the Central District class B tournament in Westerville. His football team won seven and lost two games last fall.



Gene Fetter

In 1946, when he began coaching at St. Mary, his football team won four, tied two, and lost three games. His basketball team last year won 15 and and lost five, and it, too, advanced to the class B distrct finals.

Fetter, son of Mr. and Mrs. A. C. Fetter of 160 Carhart street, graduated from St. Mary high school in 1939, and entered Ohio Northern.

In 1943, he entered the Army, and spent three years as a physical education instructor. While in the states, he was stationed at Thomasville Army Air base. He was sent to the Pacific to help set up the 1946 Army Olympic Games in Honolulu, Manila and Tokyo.

While in the Army, he was assistant football coach at Thomasville, Ga., High school for one year, and head coach one year. He was head basketball coach at Thomasville Army Air base. He and piloted his team to the service finals held at Tampa, Fla. in 1945, his Army team taking the runner-up trophy, just as his St. Mary teams have earned in the district finals the past two years.

Degree from O.N.U.

He was discharged from the Army in February of 1946 and resumed his studies at Ohio Northern, obtaining his degree last spring.

The announcement of his resignation came as no great surprise to the followers of his teams, because the splendid records they compiled was certain to attract the attention of college circles, but it was accepted with a great deal of reluctance by Father Spickerman and the boys he has coached.

Who his successor will be at St. Mary has not yet been decided, but it is expected that his replacement will be named in two weeks.

Gene's duties at Ohio Northern will be as freshman football and basketball coach and assistant track coach. Athletic Director C. A. Lamb said.

GOOD FRIDAY RITES ATTENDED BY 500

Choirs of More Than Twenty Churches Take Part.

(Programs for Easter Services tomorrow appear on Page 7)

During the union Good Friday service yesterday, sponsored by the Marion County Ministerial association from noon until three o'clock at Epworth Methodist church, approximately 500 persons were present for a part or all of each hour-long period into which the service was divided. Choirs of more than 20 churches participated, and meditations on "The Seven Last Words of Christ" were presented by pastors.

Hundreds attended Maundy Thursday services in individual churches the preceding night. Candlelight services of communion drew attendance estimated as considerably more than numbers present for such services on previous years. Churches which reported large Thursday night attendance were First Presbyterian, Emanuel Lutheran, more than on any previous year, Central Christian, and Epworth Methodist, and larger attendance than usual at St. Paul's Episcopal and First Evangelical United Brethren.

At the Good Friday service, ministers giving meditations were Dr. E. A. Brown, Rev. Eldred Johnston, Rev. D. H. Hochstetler, Rev. R. A. Maugans, Rev. H. V. Falor and Rev. E. H. Wierth. Special music numbers were by Mrs. E. N. Hale and George Lane, solos, and Mrs. Darl Caldwell, Mrs. Don Hochstetler, O. P. Miller and B. K. Hill, quartet. Presiding at each hour were Dr. V. E. Bosler, host pastor, Dr. Henry Schaeffer, president of the Ministerial association and Rev. E. C. Klutey.

Directing the choir singing were Mrs. Hale, Mr. Lane, and Mr. Hill, and organists were Miss Maye E. Lawrence, Mrs. Cecil Davis and Mrs. Harry Williams.

DEATHS MOUNT FROM STORMS

Third of Tornadic Gales Rips Across Land, Leaving Score Dead.

By The Associated Press

CHICAGO, March 27 — Early spring tornadoes and thunderstorms ripped across parts of the central and southern sections of the nation yesterday, killing nearly a score of persons.

The tornadic gales which struck west central Indiana, parts of Missouri and Illinois and Alabama were the third to sweep over the country's mid-section within a week. The death toll from the twisters and storms was about 75. More than 40 died in last week's tornadoes while 13 lost their lives in the gales which hit Oklahoma Thursday.

Yesterday's twisters left their biggest path of destruction in west central Indiana. The known dead was 19. Scores were injured. Buildings in several communities were demolished.

Twisters Take Lives

Two persons lost their lives and scores were hurt when a tornado struck twice at Aliceville, Ala., near the Alabama-Mississippi line.

Another twister swept over an area along the Mississippi river near the Missouri-Illinois line at St. Charles, Mo. No deaths were reported in the region, where last week's tornadoes took the lives of more than a score of persons.

A mother and her two sons were killed near Paris, Ill., near the storm area, in an automobile-truck collision during a driving hail storm.

Stormy weather was general over most sections of the central states yesterday. Strong winds, rain, hail, sleet and snow swept over the area. The rains diminished today after falls from eastern and central Arkansas northward into eastern Iowa and through the Ohio valley and lower lakes region.

Communications Cut

Snow, sleet and high winds snapped communication lines in the Dakotas and Nebraska. Dust storms were reported in Oklahoma after Thursday night's tornado in the eastern part of the state. Cooler weather spread over most of the north central region today as the rains diminished, moving eastward. Some sections reported temperature drops of 30 degrees.

The Red Cross disaster units were sent into the stricken Indiana communities—Coatesville and Danville—hardest hit by the tornadoes. The number injured was undetermined but 37 were hospitalized.

Red Cross Shifts To Indiana Relief

By The United Press

LIMA, March 27—Disaster relief headquarters set up here by the American Red Cross last week after a tornado struck northwestern Ohio today turned its activities toward southern Indiana.

Ralph A. Brandt, director of the relief headquarters, said workers had been sent to the stricken towns of Coatesville and Danville, Ind. Relief activities, he added, were hampered by the distance between Lima and the tornado scene, but large quantities of equipment have been sent to the towns.

Emergency Board Makes Report To Truman.

By The Associated Press

WASHINGTON, March 27 — A presidential emergency board recommended today that locomotive engineers, firemen and switchmen should get a wage raise of 15½ cents an hour, retroactive to last Nov. 1.

The railway labor act requires the three Brotherhoods to keep working for 30 days. After April 26 they will be free to strike if they want to.

The board, headed by William M. Leiserson, made its report today to President Truman.

Besides the wages, the dispute involved 37 proposed changes in working rules.

Had Asked for More

The Brotherhoods had demanded a 30 per cent wage boost with a $3 per man daily minimum.

The board's wage proposal would give the three Brotherhoods the same benefits received by the trainmen and conductors — the other two operating Brotherhoods. The trainmen and conductors settled last November for 15½ cents effective Nov. 1.

A 15½ cents an hour raise amounts to $1.24 a day.

Besides the pay raises, the board recommended some of the 37 proposed changes in working rules take effect. It suggested some should be made effective in part, and that others be withdrawn.

Leiserson previously had headed a board which had granted a 15½ cents an hour raise to 17 non-operating unions, such as clerks, shop laborers and signal men. Their raise became effective last Sept. 1.

Strike Threatened

The current dispute began last June. A strike was threatened by nearly 200,000 workers in the following Brotherhoods: Locomotive Engineers, Locomotive Firemen and Enginemen, and Switchmen's Union of North America. The fact-finding board required about six weeks to obtain evidence after it was named by Mr. Truman.

Practically all the major railroads of the nation are affected.

The board had some sharp language concerning the failure of the three Brotherhoods and the railroads to agree at the bargaining table. It said:

"That these parties were not able to accomplish by negotiation even this little kitchen job is cause for real concern. In our judgment this kind of failure has, so far as collective bargaining is concerned, malignant potentialities."

The three unions had contended that, since their case had dragged into 1948, they were entitled to some part of the third round of postwar wage increases already granted by some other industries.

The board held, however, that this case was only the unsettled remainder of the second-round wage case begun by the five operating brotherhoods in 1947.

Board Named Jan. 27

The board was created by Mr. Truman last Jan. 27. Besides Leiserson, a visiting professor at Johns Hopkins university, it included: George E. Bushnell, chief justice of the Michigan supreme court, and W. Willard Wirtz, professor of law at Northwestern university.

Their hearings were held in Chicago from Feb. 2 until March 10.

The most important rules involved were those dealing with conditions for yard service employes.

For this group, the board recommended adjustments designed to remove inequities. This would be done by putting their earnings on a par with other rail workers with similar skill and duties.

There was an adjustment favoring road men on light locomotives —those weighing less than 140,000 pounds.

In suburban commuter service, an average single rate of pay was fixed to take care of variations in the size of trains.

Other recommendations dealt with delays at terminals, dead-

First of Four Hurt In Crash To Leave Hospital

The first of the four Marion boys injured in an automobile accident last Sunday near Kenton is expected to leave the hospital next week. Warren Meister, son of Mr. and Mrs. H. E. Meister of 140 Curtis court, is reported to be in "good" condition today in City hospital, and according to his family will be removed home sometime next week.

Conditions of the other two in City hospital here, Charles Ulrich and Glen Mamie, are also reported to be "good". Jack Rubins, who is in San Antonio hospital in Kenton, is continuing to show improvement and is reported to be much better.

SIX DIE AS TRUCK HITS CAR IN FOG

By The Associated Press

KALAMAZOO, Mich, March 27—A truck crashing broadside into an automobile killed six persons, three men and three women, on a fog-shrouded highway near here today.

Kalamazoo county sheriff's officers identified the three men victims as Winfred Douglas, 26, Sherman Leo Douglas, 36, and Alvin G Williams, 26, all of Battle Creek, Mich

The relationship of the Douglases, if any, was undetermined

More than five hours after the crash officers were still unable to identify the mangled bodies of the women victims

Officers said the automobile driver apparently became confused at a US-12 cutoff and turned directly into the path of the truck

The impact wedged the two vehicles together so tightly that two wreckers were needed to pull them apart Five of the victims were dead in the wreckage while a sixth died enroute to a hospital

3 Traffic Accidents Reported by Police

Police reported three traffic accidents late yesterday in which one pedestrian suffered injuries.

George Givens, 60, of 218 Sharp street suffered bruises of the head and knee when he was struck at 11 30 last night by a car driven by Julius Chizmer, 29, of near Caledonia. Givens was crossing West Center street with the light at its intersection with Main street The Chizmer car was making a left turn onto West Center from South Main street when it struck Givens. Chizmer took Givens to City hospital for treatment, after which Givens returned to his home.

At 9 30 p m last night Floyd Schiller, 53, of near Marion pulled to the curb in front of the Fahey bank on the west side of North Main street to pick up three passengers when he hooked the rear fender of his car on the bumper of a parked car owned by H A Webber of of Detroit The rear fender of the Schiller car was slightly damaged

At 3 20 p m Wayne M Peat, 43, of near Waldo, stopped for the State street traffic light while driving west on Church street The car behind him failed to stop in time and collided with the rear of Peat's car, damaging the left rear fender Peat pulled to the curb to investigate the damage but the other driver drove off when the light changed

One traffic conviction was reported this morning in municipal court on an arrest by city police. George Alex Sisson, 56, of near Marion was arrested by police at 12 55 a m this morning on West Fairground street and charged with operating a car without lights He posted a $25 bond for his appearance in court this morning where he was fined $10 and costs by Judge Hazen.

HERBERT DIMS LIQUOR OUTCRY

Commends Attorney General and Head of Control Department.

By The Associated Press

COLUMBUS, March 27 — Gov Thomas J Herbert has written what looked like the final chapter in the 1917 outcry about Ohio's liquor department

In a news conference yesterday, Herbert

(1) Patted state liquor director Dale Dunlon on the back for "an outstanding job," and,

(2) Sympathized with attorney general Hugh S Jenkins in his year-long investigation

"I can well understand the difficulties of the attorney general in developing any more facts than he did," said the governor.

Attorney General Jenkins made public earlier yesterday a 17-page report to Governor Herbert on permit issuance and liquor buying in the closings weeks of former Gov Frank J. Lausche's administration

Jenkins said he was unable to obtain all the information he wished His office, he explained, did not have the power needed to force such information from unwilling witnesses

Refers To Difficulty

Governor Herbert referred to the days when he was attorney general and was conducting an investigation at Youngstown

"We had to work six months in Youngstown under cover before we ever called a grand jury," Herbert said.

"We made it a point never to smear anybody until we had the facts," he continued. "I assume the attorney general went on the same basis."

In lauding Dunlon's work as state liquor director, the governor observed that most of the recommendations made by Jenkins in his report already had been carried out.

Jenkins told the governor he could not produce sufficient evidence to present to a grand jury

Cites Leak Stoppage

"We have stopped all leaks that were there before," he said, "both in purchases and permit granting Administratively, we have overcome most of the evils existing there when we took office We don't claim perfection. There will always be rumors

"We have always tried to run down rumors until we came to a blind alley"

The governor remained neutral on the hottest part of Jenkins' report—that part in which the attorney general recommended Ohio getting out of the liquor business as an "obvious alternative" to unsatisfactory operations

"I think," said Herbert, "that the monopoly system can be run cleanly and properly I think it is being run cleanly and properly today"

MORE EXPORT CURBS ON RUSSIA PLANNED

By The Associated Press

WASHINGTON, March 27—An administration campaign on exports of war goods to Russia faced today to stifle demands in congress for extra padlocks.

Rep Mundt (R-SD) said he intends to go right ahead with an amendment to the $6,205,000,000 house foreign aid bill which would give the director of the European recovery program veto power over "war potential" exports.

And Chairman Rizley (R-Okla) said his house expenditures subcommittee is going to dig deeper into the disposal of World War II surplus supplies to the Soviets.

Committee investigators, he told a reporter, are going to New York to check goods being loaded onto Russia-bound ships.

And Chairman Snafer (R-Mich) of a house armed services subcommittee said commerce department officials will be quizzed next week on shipments to the U.S.S.R.

For months congressional committees have been digging up information about oil and ships—and, in the last few days, airplane engines—Russia has been getting from this country.

President Truman stepped into the export dispute yesterday. He issued a proclamation tightening controls, particularly on exports of plane engines and radar equipment

Following that move—

1 Secretary of Commerce Harriman told a news conference Russia and her satellites are getting no exports except those the Army and Navy approve.

2. The War Assets administration said it is delaying for at least 30 days taking Finland's high bid of $1,666,900 for the 46 unused steam locomotives. Finland and Russia are talking over a military treaty, but WAA didn't mention that, or any other reason for its action

MINE PEACE MOVE DELAYED BY LEWIS

By The Associated Press

WASHINGTON, March 27 — John L Lewis forced a 72-hour delay today in government efforts to bring the soft coal strike to a speedy end

He brought President Truman's special inquiry board to a standstill by failing to appear at its first hearings yesterday.

The three fact finders finished hearing the coal operators' side of the miner pension dispute in less than two hours

When the United Mine Workers' chief didn't show up, the board recessed until Monday The bushy-browed Lewis was given until then to decide if he will appear voluntarily. Otherwise the board could force him to appear by getting a court order

Lewis stayed away, he informed the board, to study "legal questions involved" But his absence threw a monkey-wrench into board plans to work steadily through the Easter weekend to speed a report to President Truman

That report must be in Mr Truman's hands before he can seek a court order to halt the walkout under terms of the Taft-Hartley act.

Meanwhile the strike, nearing the end of its second week, was paralyzing industry. Secretary of the Interior Krug appealed to the few coal mines still operating to dole their production only to essential consumers And Krug asked every one to help save coal

He estimated that three more days of the strike will affect 18 per cent of the electric power utilities, 25 per cent of the steel and rolling mills, 27 per cent of the major railroads and 72 per cent of the retail coal yards.

TOOL MAKERS URGE RED ORDER REFUSAL

By The Associated Press

CLEVELAND, O., March 27—The National Machine Tool Builders' association Friday urged the state department not to approve orders for strategic equipment which "may be used to our national disadvantage"

In a statement, Association President A G Bryant declared "to the best of our knowledge, American machine tool builders are taking no new orders from Russia or the countries in the Russian orbit."

Bryant added "it is possible that machine tools sold by the War Assets Administration may have been finding their way into the Russian orbit The WAA has for years made efforts to sell surplus machines in foreign countries."

Bryant presented what he termed "the facts with respect to American machine tools going to Russia and her satellites"

He said "a number of machine tool builders are now in the process of completing machines ordered by these countries anywhere from nine months to two years ago At that time, such orders were considered in line with the general policy of aid in the rehabilitation of all war-torn European countries

"A large share of these orders were for Czechoslovakia, which at that time was not in the Russian orbit Still others were financed by a loan to Poland from the export-import bank"

At Cincinnati, Richard E Leblond of the R. K. Leblond Co. said his company had received no orders from Russia for several years and no inquiries "for a long time."

Smith and Gay Service Read At Baptist Church

MISS ALICE LOUISE SMITH, daughter of Mr. and Mrs. Clyde Smith of the Parsen pike, east of Marion, became the bride Sunday, March 21, of Robert Nelson Gay, son of Mrs. Charlotte Gay of Columbus. The double ring ceremony was read at 2:30 o'clock in the afternoon in the Trinity Baptist church by the pastor, Rev. J. B. Holloway. The custom of open church was observed.

The altar was banked with palms and baskets of white lilies and lighted by candles in two double branch candelabra. The pews in the center aisle were marked with satin bows.

A program of nuptial music was presented preceding the ceremony by Mrs. Cecil Davis, organist, and Mrs. Harold Smith of Prospect, cousin of the bride, and Samuel Russell of Columbus, brother-in-law of the bridegroom, vocalists. Mrs. Davis' selections included "Through the Years," "Romance," "Ave Maria," "Indian Love Call," "Intermezzo," "Little Star," and the traditional wedding marches. During the ceremony she played "My God and I." Mrs. Smith sang "Because" and "At Dawning," and Mr. Russell sang "O Promise Me" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of ivory Duchess satin styled along classic lines with long sleeves which ended in points over the hands. To the fitted basque was gathered the full skirt which extended into a wide circular train. Her fingertip length veil of ivory illusion was held in place by a beaded tiara. She carried a white Bible topped with a purple orchid, and her jewelry was a strand of pearls, a gift from the bridegroom.

Mrs. Glen Dunkin of Marion, sister of the bride, was matron of honor, Miss Joan Smith, another sister, was bridesmaid, junior bridesmaids were Miss Carol Dressler of Hornell, N. Y., cousin of the bride, and Miss Sandra Russell of Columbus, niece of the bridegroom, and little Miss Joy Ann Smith, niece of the bride, was flower girl.

Mrs. Dunkin and Miss Smith wore identical gowns of nile green faille fashioned with sweetheart necklines and gathered skirts. They carried colonial bouquets of yellow roses. The junior bridesmaids' gowns were fashioned alike of yellow organdy with square necklines and gathered skirts. They carried colonial bouquets of pink roses. The flower girl was in a yellow organdy dress styled similar to that of the bridesmaids. Her colonial bouquet was of pink roses.

Donald Gay of Columbus, brother of the bridegroom, served as best man, and ushers were Charles Smith, brother of the bride, Glen Dunkin, brother-in-law of the bride, and Robert Hamilton and Ed Hoglin of Columbus.

For her daughter's wedding, Mrs. Smith chose a navy blue dress with black accessories and a corsage of red roses. Mrs. Gay was attired in a dress of Royal blue and a corsage of pink roses.

Immediately following the ceremony a reception for 80 guests was held in the church social rooms. Serving were Mrs. Charles Smith, Mrs. Thomas Norton, Miss Mary Jeanetta Rider, Mrs. Albert Seckel and Mrs. Don Gay of Columbus. When the couple left on a wedding trip, Mrs. Gay was attired in a brown checked suit with matching accessories and her bridal orchid.

Mrs. Gay was graduated from Claridon High school and Grant Hospital School of Nursing in Columbus. She is employed as surgical nurse with Dr. M. G. Buckles in Columbus. Mr. Gay, a graduate of Columbus North High school, is employed at the F. & R. Lazarus Co. in Columbus. He served three years overseas in the Pacific theater. The couple will reside at 1056 Franklin avenue in Columbus.

Out-of-town guests included Mr. and Mrs. William Knoll, Mr. and Mrs. Zell Holverstott and William Knoll Jr. of Pittsburgh, Pa., Mr. and Mrs. Roscoe Dressler and daughters of Hornell, N. Y., and friends and relatives of Columbus.

At a rehearsal party Saturday evening at the home of the bride's parents, the bride presented costume jewelry to her matron of honor and bridesmaids, pearl necklaces to the junior bridesmaids, and a locket to the flower girl. Mr. Gay gave his best man a necktie and tie clasp, and necktues to the ushers.

TAKES NURSING POST — A graduate nurse, Miss Stella Retterer, above, daughter of Mr. and Mrs. J. F. Retterer of Claridon, is serving now as supervisor in the eye, ear, nose and throat department at Mt. Carmel hospital in Columbus. Miss Retterer was graduated from Mt. GALION SOLICITOR DENIES SALARY SUIT ALLEGATIONS

Special to The Star

BUCYRUS, March 27—A general denial of all allegations was made in an answer filed today in Crawford county common pleas court by George H. Davies, Galion city solicitor, in the court action against the city of Galion to enjoin the city from paying $600 monthly salary to the safety-service director appointee. The petition for injunction was filed by John P. Drouth, citizen of Galion.

Drouth's action was filed Feb. 25 after Galion city council okayed the employment of the former Troy man, appointed by Mayor H. H. Hartmann, at the specified salary. The suit charged "abuse of discretion" and also that the salary was "excessive, unjust and unreasonable."

Hearing on the injunction is scheduled for Monday before Common Pleas Court Judge C. U. Ahl.

Meanwhile Porter has been serving without pay during pendency of the action in compliance with an agreement reached after the injunction was filed.

GREEN CAMP CLASS MEETS

A meeting of the Green Camp Methodist church Bible School was held Wednesday night, March 17, in the church basement. High single score in Palace bowling Wednesday was shot by Cox of Commercial No. 3, who hit 217 in the Osgood league. Caprino rolled games of 210-232-246 for a 688 high series total. Seven others topped 200 in single competition, while six beat 500 in series play. Among them were Lewis and Threlfall with scores of 235, Thorpe, 510, Bailey, 564, Cox, 520, and Brown, 523.

Also bowling at the Palace, J. Nicolosi fired a single game score of 244 in the Business Men's league, to outpace seven others who had scores over the 200 point. His nearest competitor, Carl Leffler, hit 235. H. Roberts rolled 234, Gene Mull, 232, and W. Turner, 224 for other good scores.

ELKS HONOR THREE 50-YEAR MEMBERS

Past Exalted Rulers Occupy Chairs for Meeting.

Fifty-year pins were presented three members with records of 50 or more years' affiliation with Marion Lodge No. 82, B. P. O. Elks, when "old timers' night" was observed by the lodge Thursday night. At this time announcement also was made of local winners in the scholarship contest sponsored by the national order.

Five senior girls in Harding and St. Mary Parochial High schools share in the contest awards. First place goes to Betty Jane Bear, Harding senior, second to Joanne Anderson, also of Harding, third to Claudine Scranton, St. Mary, fourth to Margaret Hamilton, Harding, and fifth to Ruth Ann McGinnis, St. Mary. Winner of first place will receive $100, second $50 and to each of the others $25 as awards from the Marion lodge. Miss Bear also ranked fourth in the state competition and her entry will be forwarded to the national foundation to compete for highest honors. Entries are based on scholarship, school activities, personality, leadership and resourcefulness.

Past exalted rulers occupied the chairs for the lodge work. Dr. A. F. Linscott presided for the presentation of 50-year pins and life memberships in the lodge to Dr. F. A. Stengel, Frank Barringer and Ray Geer. Others entitled to the honors but who were not present last night are George E. Frank of Marion and V. F. Hammond of Port Clinton. W. F. Bull, who has served as tyler for 30 years also was presented a life membership.

The work was preceded by a dinner. Guests included a group of members from the Bellefontaine lodge of which Ralph Aldo is the exalted ruler.

Boy Hangs Onto Tree As 11 Lambs Drown

Special to The Star

ASHLEY, March 27 — Eleven registered Southdown lambs were drowned on the Jesse Foust farm near Ashley Wednesday morning and a 15-year-old boy, a nephew of the tenant on the farm, Earl Scribner, narrowly escaped drowning.

While Mr. Scribner and his nephew were trying to get the sheep from the muddy pasture into the barn, sheep and boy fell into the swirling Whetstone river and were swept along under a bridge which spans the river just west of route 42 near Green Gables.

The lad in passing a tree, managed to draw himself into its branches and was marooned until a passerby, Dr. H. W. Davis of Ashley, saw his predicament and summoned help. After difficulty he was removed from the tree by neighbors, Walter Davis, Fred Miller and Claude Heil. Three lambs were rescued.

FIX MEMORIAL DATE

The Memorial day committee, at a meeting Thursday in the Legion Dugout, decided to hold the annual Memorial day exercises Sunday, May 30, even though the next day will be legally observed as the holiday. The committee will hold a meeting April 7 to discuss further plans and name a speaker for the occasion.

SATURDAY, MARCH 27, 1948

Easter, 1948

ON THE third Easter Sunday since the end of World War II, the world has made no progress toward Christian principles in international affairs. The United Nations, designed to bring order out of the anarchy of nations, suffers a progressive loss of prestige. The war-weary world is still full of belligerents.

In many trouble zones, man's inhumanity to man makes countless thousands mourn. In the Holy Land, which has seen many another strife-torn Easter season, old animosities flame anew. Our bungling efforts to ease the situation there have only added to the confusion and hatreds.

Italy, second only to the Holy Land in Christian heritage, finds itself beset from without and within by a political faith which denies Christianity and all religion. In a fateful election scheduled for next month, a measurement will be taken of the inroads which that "ism" have made.

The people of Czechoslovakia are in the grip of a "people's government" which decreed that they spend Palm Sunday working to celebrate their "liberation." Finland and the Scandinavian countries are subjected to increasing pressure.

All the nations of the west, founded on the Christian ethic, are on the defensive. Their problem is: how to wage a struggle against a police state which resorts to any and all means, setting up fifth columns and exerting political pressure in the name of "democracy."

The most hopeful sign in recent months has been the willingness of these nations to close ranks and parry political blows aimed to disrupt them. Their mutual assistance pledges constitute a concrete effort to keep them from being undermined one by one.

So it is that Easter, 1948, comes to Christendom. In the light of world events, it is not a happy time. Yet the message that Easter brings anew in the springtime of each year instills new courage and hope in the hearts of men of good will everywhere.

Ohio's Liquor Monopoly

OHIO'S attorney general, Hugh S. Jenkins, has touched off a dangerous issue by recommending to Governor Herbert that the state either should get out of the liquor business or find ways "to obtain and hold the confidence of the people in their system of liquor control."

This is not an either-or proposition, at least not in the way the attorney general has stated it. The actual proposition is that Ohio either must get rid of politics and corruption in its handling of the liquor problem or any system it tries will be a disappointment.

Politics and corruption gave the pre-prohibition licensing system a black eye and helped to bring prohibition. The Ohio monopoly system, patterned after recommendations of experts paid by the Rockefeller foundation, was an experiment in Reform.

It is still relatively untried. The general assembly has let it ride for some 15 years without correcting its shortcomings as they appeared. There is nothing wrong with the system that can't be corrected. But it's still a question whether anything can be done under any system with the weaknesses of human nature that tempt high-pressure politicians and liquor salesmen.

The attorney general seems inclined to believe the Ohio liquor control act can be patched up to make it a little harder for the pressure boys to go into their act and a little easier for the underpaid employes of the monopoly to be competent. Before Ohio lets anyone talk it into the old-fashioned private licensing system it had better do everything in its power to make its public monopoly of the liquor traffic mere efficients.

Both Garters Dragging

THE picture of Uncle Sam pulling himself together to handle his obligations as the No. 1 world power is inspiring.

The old gentleman's earnestness is like a bright light in a world being blacked out by the spreading terror of police state rule.

Even his weaknesses are made attractive by his sincere attempts to rise above them, such as the fortitude with which he is approaching hard decisions in an election year—decisions it would be easier to put aside until a more convenient time.

His generosity is without equal. It is so traditional that its beneficiaries sometimes forget that it is not automatic but must be carried on by deliberate and separate decisions, weighing all the evidence for and against in a deliberative manner.

No one who has watched Uncle Sam go through this kind of experience before, or who is aware of the courage required to go through it again so soon after the disillusionment of World War II can fail to be impressed. There is only one thing that disturbs them.

Uncle Sam is doing all this with a coal strike in progress. The major source of American energy has been cut off by the decision of one man who holds an almost absolute power of veto over national decision. It is as though Uncle Sam were struggling to rise to a great occasion with both garters dragging, a circumstance that surely will not go unnoticed by the countries he is trying to impress.

Scanning the Record

By George E. Sokolsky

Lilies of Hope at Eastertime.

IT IS impossible to be cynical in the spring. Life is resurrected each year in a symphony. Symphony. For no matter how ordinary the scientist makes the cycle of life, how casual he makes everything that we are and that we live, it is nonetheless a miracle that when the snow melts, the grass is already green, when the frost disappears, the tree buds and soon blossom. From somewhere the squirrels and robins appear. They always reappear as life itself is resurrected.

SOKOLSKY

And a gayness seizes upon even the most depressed. One looks to a new hat, a brighter color, a happier mien. The Easter parade bursts forth in renewed youth. Resurrection . . . again the spirit of man is resurrected from the chilled tomb of hopelessness. And man is no longer hopeless.

It is the spring festival which every race of man celebrated, the festival of hope. It is the reason of faith that God's wonders will everlastingly be done. For no matter how much we know and learn, this we never discover; why it is that man, of all creatures, should have been chosen to uncover the wonders and mysteries of God's world? And that, too, is the miracle of Easter.

We make our own distresses and wonder that we are distressed. We permit ourselves to be blindly misled and wonder that we do not know where we are going. We follow false leaders who trick us with the golden calf of security and the Jezebel of heaven-on-earth and we wonder that heaven never is on earth nor can it ever be.

If We Were Truthful

This we do know. We want peace. And peace has been promised to us. And there would be peace, and not only peace, but human love and brotherhood, if only we dared to be truthful. For what is it that men quarrel over on this Easter day? What do they seek? Is it peace and love or is a sharper definition of mine and thine on a universal scale?

So, a country has a bit more territory and that ruler holds more human beings in the cluten of slavery. But what does he really gain? Worried, frightened, embittered men and women, children who grow in the shadow of fear, and that is devastated by hatred and anger. What is all this worth?

He Spoke of Love

How much grander was the spirit of man at that Passover feast, in Palestine, nearly 2,000 years ago, when Jesus sat among His disciples. It was to be His last supper among them. A spirit of gloom pervaded the table as the ceremonial meal was being eaten. And they spoke of many things, but He said to them:

". . . . As the Father hath loved me, so have I loved you; continue ye in my love. If ye keep my commandments, ye shall abide in my love, even as I have kept my Father's commandments, and abide in His love . . . This is my commandment: That ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends. Ye are my friends, if ye do whatsoever I command you . . .

"These things I command you, that ye love one another. If the world hate you, ye know that it hated me before it hated you . . ."

They Are Blind

Gloriously, He spoke of love. And even today, when men are surfeited with years and decades of hate, the lilies of Easter bloom again to remind the world that peace is love and love comes only with peace. And those who hate peace, hate God. For what falsity can cause men to believe that their selfish willfulness can serve some good purpose? They hate peace as they hate God. They hate peace as they hate mankind. They know no Easter. They know no Jesus. They know no resurrection of the spirit, since they recognize nothing spiritual or supernatural. They accept only what they see—and they are blind, blinded by their own deceits.

But for us there is a resurrection of the spirit. For we love God—and we love man.

Army Field Forces

THE Army Ground Forces is being revised to give its exclusive attention to training troops for modern warfare—airborne, amphibious and Arctic fighting.

The organization is being renamed the "army field forces" and is being relieved of an accumulation of responsibilities given to it during the war.

The command of the six armies in the continental United States will be transferred from Army ground forces to the chief of staff of the Army, Gen. Omar Bradley. Gen. Jacob L. Devers will remain in charge of the renamed ground forces to direct training.

Maj. Gen. G. L. Bolte, chief of staff to Gen. Devers, said the A. G. F. has been too involved with problems of personnel and supply to give the time it should to training the army.

"What we are trying to do now, under this new plan," he added "is to stockpile time, get training done ahead of time, be ready—because we won't have time for that if another war comes."

Gen. Bolte said airborne training would be the "primary program." He added that ranking high in importance would be other types of training peculiar to modern war, including invasion landings, polar operations and desert fighting.

The office of army forces will have general supervision of training for all individuals and units of a field army. This will include not only regular army combat, service and administrative units, but the organized reserve corps, national guard and reserve officers training corps units.

Headquarters for the new designated A.F.F. will remain at Fort Monroe, Va., where A.G.F. has been located.

Prosperity in Iowa

8,000 Farmers in Income Brackets Above $20,000.

EIGHT thousand Iowa farmers had incomes in excess of $20,000 in 1947, overshadowing even the salary of the governor.

Some of these probably had incomes in excess of $30,000. Governor Robert Blue received $7,500 for the year ended June 30, with no extras for travel or subsistence.

The Iowa Development Commission, which calls Iowa the "No. 1 agricultural state in the nation," said the number of incomes in excess of $20,000 showed a 50 per cent increase over 1944, when 5,382 of the state's 206,000 farmers had incomes of $20,000 or more.

Bernard F. Nowack, assistant director of the commission, said there was no statistics available to show how many Iowans had incomes over $50,000. He said he "doubted" reports that 6,000 farmers had incomes of that figure last year.

The commission "is not attempting to publicize Iowa on the basis of fabulous agricultural salaries resembling those of movie stars," he said.

It "feels that it is much more desirable that we have a balanced economy, as indicated by the per-farm income of $11,500 last year," he said.

Iowa's per-farm income in 1944 was $7,530, compared with the national average of $3,470. Per-farm income for 1946 was $8,781 in Iowa and $4,804 for the United States. The 1947 per-farm figure for the nation has not been announced.

Mr. Nowack said the income figures represent gross income, and that the farm operating cost is 40 per cent of cash receipts.

He estimated Iowa's per capita income last year at $1,380, compared with $1,183 in 1946.

Iowa Internal Revenue Collector Ed Birmingham said federal income taxes paid in this state last year totaled $363,000,000, 15 times the $27,502,000 paid in 1940.

No Chance To Escape

CHICAGO—A man in a car looked into his rear view mirror. He blinked, shook his head and looked again. He was being trailed by 16 cops. The officers were riding new motorcycles from Milwaukee to Chicago. The cycles will be used on traffic duty here. They will replace horses.

Keeping It in the Family

In Camanche, Iowa a man and his wife are running against each other for mayor.

Apparently he doesn't agree with her that woman's place is in the city hall.

And then maybe on the other hand, she doesn't want to have to address him as "Your Honor."

At any rate, I hope they are both high-type campaigners. Otherwise, it could be a nasty race.

A lot of women nag their husbands in public, but seldom on the stump.

Incidentally, I guess it's all right to beat your wife, as long as you do it with ballots.

I may be wrong but I expect there'll be one of those cases where politics makes ESTRANGED bedfellows.

Turn Back!

From News of Other Years

TEN YEARS AGO

It was Sunday, March 27, 1938.

Loss was estimated at $1,800 when sparks from a chimney started a fire which destroyed the entire roof and two third-floor rooms at the Robert Harvey home on Wallace street.

A family dinner at the home of Mr. and Mrs. P. D. Robinson of Woodrow avenue was in honor of the wedding anniversary of their son and daughter-in-law, Mr. and Mrs. Charles Robinson.

Sons were born to Mr. and Mrs. Bryant E. Corwin of Homer street and Mr. and Mrs. Byron J. Pence of Windsor street.

Miss Vera Irene Knachel and Robert E. Jones were married at the home of the bride's parents, Mr. and Mrs. William Knachel south of Prospect by Rev. E. R. Rector, pastor of the Prospect Methodist church.

Mrs. G. H. Glauner entertained with a surprise party in honor of the birthday anniversary of Mr. Glauner.

Mr. and Mrs. C. M. Luckey of Pennsylvania avenue returned from Cleveland where they visited Mrs. Luckey's daughter, Miss Grace Clendennen, a teacher in the public schools in that city.

TWENTY YEARS AGO

It was Tuesday, March 27, 1928.

A March gale brought with it a 49-degree drop in temperature, the official thermometer reading being 22.

Mrs. J. W. Hungate was elected president of the Westminster Bible class of the First Presbyterian church, at the church.

The resignation of Dexter Hazen, former deputy sheriff of Marion county, as agent in charge of the prohibition office in Cleveland was announced.

The annual get-together banquet of employes of the C. D & M. Electric Co. was held at Delaware with more than 175 attending. Nearly 75 from Marion attended, making the trip in a special car.

With his sermon on the subject "God's Command and Promise," Rev. Carl Vernon Roop of Findlay opened revival services at the First United Brethren church.

Fire of undetermined origin destroyed a garage and a new Paige sedan at the home of J. A. Conkle on Chestnut street. The loss on the car was estimated at $2,400 and $200 on the garage.

The Propaganda Mills

By Frank Tripp

WHY should it be necessary to propagandize the American people every time there is something to be explained to them? Why not a free flow of facts and unvarnished truth?

Too many government doings are trotted forth in an aura of alarm, built up to frighten the people into approval; others which do not follow that technique come out one-sided, as if the people do not need to know the unfavorable as well as the favorable side.

TRIPP

It is left for the press to dig out, item by item, the reality behind the scare stuff and circus billing. News men uncover, one by one the facts obscured behind forefronts of sugar-coatings or frights of impending disaster. The fright technique is that of the old medicine man, who alarmed his dupes into purchase of his worthless concoctions.

It all comes from thousands of bright young men, hired with the public's money to kid the people who pay the bill. It floods the country with a stamp of authenticity which is hard to combat, not matter how phony.

It shows up in some fashion in almost everything that comes out of official Washington. If the first approach doesn't jell, a new one is invented. When one wears out another is devised to startle the natives. They're all wrapped up in a snappy package, something alluring for everybody. One thing is common to them all; a bid for approval—and votes.

* * *

Just how much of this kidding will the people take? Will they forever fall for the stuffed owls put in trees to distract their attention from wolves that stalk behind them? Do they know that departments which they hire to do the job that is best for them sustain costly publicity bureaus to sell to them the way the department wants to do it? Invariably by deliberately distorting or concealing unfavorable facts which might be opposed to the department's plan.

It is hard to catch up with the avalanche of sales talk that attends the introduction of almost every project. It is the toughest job that faces newspapermen who cover Washington.

* * *

Bureaucrats are schooled in the dramatic or frightening stories which accompany the unveiling of pet projects. Getting at the facts is like wormimg the truth out of an obdurate witness on cross-examination.

The real story comes out a little at a time, is pounced upon, denied and smeared. Not until the mass of evidence becomes so great that it can't be ignored does the full truth dawn upon the people. By that time the public is so befuddled that the best that can happen is a compromise and the people think they get a bargain. When nine times out of ten what they get is just what the politicians intended to settle for all of the time.

Such shyster dealing is a shabby way to treat a concern's stockholders. And every American taxpayer is a stockholder in the biggest business in the world—the United States of America.

The country's press tries to be the equalizer of the hysteria which the propaganda mills deliberately try to create.

* * *

No one ever heard of a bureau project moving into the open with a frank statement of its flaws and disadvantages pinned to it. Honest business doesn't withhold unfavorable facts from its stockholders.

If it does the stockholders move in and, through committees of their own, find out what's going on. The only committee that the far-flung stockholders of the U. S. A. have to give them the lowdown on the antics of their directors, in wasteful bureaus assembled, are the Washington correspondents of the American newspapers and of the newspaper press wire services.

The daily and hourly reports which these men make to the people are the lone hope of the country against the government propaganda mills.

That's one function of your free press.

Plane Data Index

A standard aeronautical index embracing every known subject in the field of aviation is being compiled at Wright Field. The air documents division of the air materiel command's intelligence department is in charge of the work.

The index, a joint project of the Army, Navy and Institute of Aeronautical Sciences, will provide the military and civilian aviation world with ready access to almost every topic in the history of aviation. The list also will include projects rejected as impractical or impossible.

Col. H. M. McCoy, head of the intelligence department, estimated that the records division would catch up with the tremendous task some time during the present fiscal year, probably before July 1.

The index is now the main occupation of the document division, which has just completed the job of cataloging the tons of German data captured by air force intelligence during and after the war.

The need for such an index had existed for a long time, Col. McCoy added, and was stressed recently by President Truman's air coordinating committee.

"This is the first time an index of this type has been attempted," Col. McCoy said. "It will be a continuous project aimed to provide a standard and centralized information service for all authorized military and civilian agencies."

The Once Over

If Individuals Did Things The Washington Way

The characters are a law-abiding considerate fellow named Sam and a newcomer in the neighborhood named Joe, who is terrorizing the community.

Sam—Well, what are you up to now?

Joe—I need more room around here.

Sam—Get this straight, bud. One more inch and I start shooting.

Joe—Is it that tight?

Sam—Positively. By the way, how are fixed for hay? I've got a lot of stuff I can use you have. Here's some press knuckles I'm selling out at 10 cents on the dollar.

Joe—Thanks. Now about this boundary line.

Sam—I don't yield another inch without fighting. That reminds me, help yourself to the spiked shoes and nightsticks. I've got a surplus.

Joe—I'll send somebody for 'em. Now, about repairing your fences.

Sam—Lay a hand on my fences and I'll sue you. I'm through being pushed around. Oh, say, did you get that latest catalogue of those sawed-off shotguns and horse pistols? You better get in on that sale. I'm practically giving 'em away.

Joe—I'll do it. Much obliged. What are those cattle doing in your barn?

Sam—Those are my cattle.

Joe—That's capitalistic prattle. I decided a week ago they belonged to me.

Sam—I'd like to see you try to take 'em. Say, did you ever get that brochure listing rifles and ammunition which I'm selling at bargain rates?

Joe—No.

Sam—It must have been an oversight.

Joe—Rather sloppy, I'd say.

Sam—I hope you'll excuse it. You and I should get along very well. I suspect you and plan to stop you any time you start any more rough stuff, but I want to be fair and see that you have the same chance anybody else does to load up with MY war materials.

* * *

Joe—Look! There's my wife.

Sam—Where?

Joe—In your kitchen, cooking and baking.

Sam—That's MY wife.

Joe—You have the most reactionary notions. Stand aside!

Sam—Say you! If you put one foot on my threshold I'll let you have both barrels. Incidentally, speaking of views, how are you fixed for new millinery and smart frocks? You know how women are.

Joe—Haven't you heard?

Sam—Heard what?

Joe—You shipped me a lot of women's surplus finery months ago and got it for me wholesale.

Sam—Was that you? I knew it was somebody. —I didn't trust.

* * *

Joe—One side, while I take over your premises.

Sam—Not quite yet. You'll want some automobiles, a burglar alarm, an airplane, a bullet-proof vest and all sorts of fighting equipment. FIRST LET ME SHOW A LOT OF THAT STUFF I'M SELLING BELOW COST!

Surplus

We'll put the screws on, Joey,
And start to treat you rough—
(How are you fixed for warfare?
We're closing out some stuff.)

No nonsense are we taking:
We're out to stop you, Joe;
(Just tell us what you're lacking...
We'll make our prices low.)

We're done with all aggressors
And ready for a fight . .
(Need fighting goods and quickly?
We'll make our prices right.)

We'll battle to a finish;
On this don't get us wrong . .
(But not until we're certain
We've helped to make you strong.)

We trust nobody is letting that radio price gift idea get into international relationships.

Elmer Twitchell hears that in the desperate desire to hold the South, Democratic leaders are trying to get Truman to get on his knees and do a mammy number.

The finest movie performance of the year or any other within ye ed's recollection, and one that seems sure to get the next Oscar, is that of a nine-year-old Czechoslovakian boy, Ivan Jandl, in a new movie written around the tragedy of children among the displaced persons of the world. The kid never appeared on a stage or in pictures before. He was discovered singing with a group of children in Prague. Most child actors are a strain on the nerves, but here, at last, a kid who seems not to be acting at all, and whose tragic eyes and restrained actions tell is seen one of the most tragic situations of modern times.

Rolling Their Own

By TRUMAN TWILL

Hardly a day passes any more without some one having his picture taken beside an automobile he has just built out of an old baby buggy, three egg-beaters, an outboard motor, a bicycle seat and his little boy's Erector set. As long as regular automobiles are hard to get and hard to pay for it's tempting to roll your own.

In due time, no doubt, a citizen will be able to send away for a set of plans, complete with easy instructions and a crate of parts for $157.50, this offer good for 30 days only. thousands of satisfied customers . . slightly higher in Calif. and west of the Rockies.

What the Twill household needs in the way of a home-made automobile is simple and can be put together by anyone with a rudimentary knowledge of tools. Basic specifications are as follows:

Body and fenders must be of plain aluminum that will show no traffic bruises and require no upkeep except an annual wiping-off with a damp cloth. This will solve the upkeep problem.

Motor must be electric, with current supplied by generators run by small fry on bicycles to divert their energy to some useful purpose. Auxiliary power can be furnished from coal fired with household litter now going to waste in incinerator. These devices will sidestep the coming gasoline shortage.

There must be a gadget to divert rain water to the batteries, and in the event of prolonged drouth to set off an alarm that will keep ringing until the batteries have been watered artificially.

The tires must be self-inflating, a detail the future manufacturers have neglected up to this time. All fenders must be equipped with magnets to pull out nails and bits of metal as soon as they are picked up, another thing that has been neglected.

There must be running water, modern plumbing, a refrigerator for soft drinks, a separate compartment for dogs, fluorescent lighting, rear exit, sufficient head room to make it possible for a passenger to stand up and stretch his legs, a galley for cooking light lunches, a two-way radio to appeal for clearer directions in the event of being lost and the whole thing must be amphibious for short-cuts through lakes and streams.

Watch for the picture of this beauty and its builder. What can the automobile companies do that any red-blooded American citizen can do better?

BAPTIST CRUSADE SET FOR APRIL 2-11

Marion Association Churches To Participate in Program.

The churches of the Marion Baptist association, have planned a concerted program of evangelistic endeavor for the ten-day period from April 2 to 11.

The Cooperative Crusade will begin with the youth groups in each church sponsoring "New Friends for Christ' activities over the weekend, including parties, home visitation, participation in devotional programs and worship services. Each participating church will entertain teams of young people from over the state who have been trained to lead youth in personal evangelism and a "Crusader" who will assist in directing the activities throughout the crusade.

While most of the activities will be carried on in each local field during the period of the campaign, there will be a number of joint meetings held in the city of Marion for "conference, instruction in visitation techniques and for inspiration." The first of these general meetings will be held at the Trinity Baptist church in Marion on Sunday, April 4, at 2:30 p. m., when Dr. Bruce E Mills, regional director of evangelism for the American Baptist Home Mission society will instruct "visitors" in 'the art of soul winning." One of the outstanding events during the entire campaign, it was stated, will be an Evangelistic rally at the Trinity church on Monday night following, when Dr. G. Pitt Beers of New York City, executive secretary of the Baptist Home Mission society, will speak on the theme: "The Night Is Far Spent." Breakfast conferences will be held at the Trinity church each morning during the week for the "Crusaders" and pastors of the association.

Invitation has been extended to churches of other denominations to share in this cooperative crusade by securing a "Crusader" and planning for home visitations during the same period.

Buried and Alive

A Sermonette

By REV. R. W. FAULKNER

Pastor of Calvary Evangelical United Brethren Church.

Text. " . . He was buried . . He rose again'"—I Corinthians 15:4.

* * *

AS THE first day of the week dawned, Mary Magdalene and the other Mary approached the sepulchre where the crucified body of Jesus had been placed The angel said to them, "He is not here; for he is risen, as he said . . . tell his disciples that he is risen from the dead; and behold he goeth before you into Galilee, there shall ye see him" (Matthew 28:6-7).

Matthew goes on to tell what happened

"Then the eleven disciples went away into Galilee, into a mountain where Jesus had appointed them and when they saw him, they worshipped him: but some doubted And Jesus came and spake unto them, saying, all power is given unto me in heaven and in earth . . . and, lo, I am with you always" (Matthew 28:16-20).

Easter morning sets forth many important facts four of which I call to your attention

I The tomb was empty

All scholars, regardless of their convictions concerning the person of Christ or the inspiration of the Scripture agree that the tomb was empty The women found it empty The disciples saw that it was empty. The Angel said that it was empty—"He is not here" The guards declared that it was empty, when they went to Jerusalem We are dealing with historic facts Jerusalem was a real city The crucifixion was a real event. Pontius Pilate was the real governor of Judea The words that Jesus spoke from the cross were truly uttered. Jesus did die The callous Roman soldiers said, "He's dead" (John 20:33-34) The disciples saw the fire of life fade from the eyes that had looked with such tender compassion upon the multitudes and they said, "He's dead." (John 20:35-37). Jesus himself had said, "Behold, we go up to Jerusalem; and the Son of man shall be delivered unto the chief priests and scribes, and they shall condemn him to death, and shall deliver him unto the Gentiles to mock, and to scourge, and to crucify, and the third day he shall be raised up" (Matthew 20:18-19) The tomb where Jesus was buried was empty on the third day

II Jesus was seen alive following His resurrection.

On Easter day he appeared to Mary Magdalene (Mark 16:9), other women (Matthew 28:9), Peter (1 Cor. 15:5), two disciples (Luke 24:15-31), and to the ten apostles, Thomas absent (John 20:19-24)

The Sunday following Easter He was seen by the eleven apostles, Thomas present (John 20:26-28).

Later he was seen by the seven disciples fishing (John 21:1,24); and finally by the eleven apostles (Matthew 28:16-17), and five hundred brethren (1 Cor. 15:6), on the mountain in Galilee. Truly He was alive after death and was seen by many during the forty days between His resurrection and ascension.

III. We can experience His presence now.

Christ is alive today and forever and he is present within the hearts of all who receive Him and who allow Him to control their whole life. This is the dawn of a new age. On Golgotha's hill three days ago it seemed like the end of Jesus, but not so, God's plan and power is greater than man's plan and program The Jesus of history is "Risen" to become the Saviour of mankind everywhere in every generation who will place their faith in Him. Jesus once limited to a small geographical area in Judea, Samaria, and Galilee has now become by His Spirit accessible as Saviour, wherever man may dwell

That he is alive today is witnessed by millions who have repented of their sins, and received Christ as their Saviour He is still transforming life and making new creatures. He offers abundant life to all who will seek Him with their whole heart and surrender all to Him.

IV. Every true disciple will enjoy His presence throughout eternity.

"Lo, I am with you alway" also means that not even death shall separate us

He said "I am the resurrection and the life he that believeth in me, though he were dead, yet shall he live and whosoever liveth and believeth in me shall never die" (John 11:25-26).

"This is the will of him that sent me, that every one which seeth the Son, and believeth on him, may have everlasting life, and I will raise him up at the last day. I am the living bread which came down from heaven: if an man eat of this bread, he shall live for ever" (John 6:40-51)

Paul affirms: "For God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us, that whether we wake or sleep, we should live together with him" (I Thess. 5:9-10).

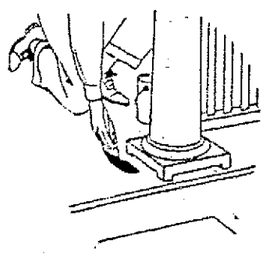
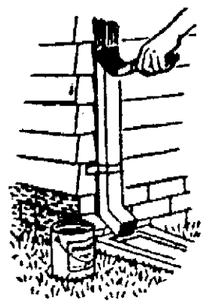
Methods for Remedying Damp Spots in House

All homeowners are aware of the fact that dampness within a house means that leather, fabrics, and furniture suffer from mildew and discoloration. Furniture will loosen because the glue or adhesive used in manufacturing will gradually melt and soften. Fabrics lose color and body, and leather deteriorates rapidly. All of these defects can be overcome by ventilation and proper heating



house, no amount of auxiliary aid allowed to run unchecked in connection with the exterior of a facilities; but when dampness is such as ventilation or heating is of any avail.

Almost every house will have one or more damp spots around the exterior. They are usually found in such locations as the foot of a porch column which is never exposed to the sun, behind down-spouts or leaders coming from the roof-gutters, or where heavy base-planting of shrubbery around the house keeps a section of the walls in continued shade.



These are the points where dampness takes a hold and attacks the protective covering of paint.

The cure for these conditions starts with work after a long period of dry weather. To paint or otherwise protect a damp spot when it has not thoroughly dried out is to waste both time and material. After the wall, corner, or column base, is thoroughly dry, the surface should be scraped so that the raw material can dry out further, and then it should be coated with two coats of paint; one very penetrating, and the next very heavy.

There are things to do as well, which will obviate damp conditions and most of them are quite obvious and make plain sense. For instance: when down-spouts have been attached too closely to the walls of a house, they should be altered so that wind and sun can get behind them and have a chance to dry out the surface beneath.

When shrubs have become too large and over-shadowing, they should be moved out, away from the foundation walls so that a constant dampness is not presented, and all woodwork that has a tendency to show wetness should be vented by some means, so that dry weather can offset periods of dampness.

FIRST AID TO AILING HOUSE

—By ROGER C. WHITMAN—

Walls Damp and Moldy

Q. We have lived in our present home since 1932. The construction is a bungalow, with brick on red hollow tile. The attic is not insulated. The walls and ceilings are finished with a gypsum type wallboard. When we bought the house, it had coal-fired hot water heat. Last spring we had a new oil burner and furnace installed by a reputable company. Then this past autumn, when the furnace began to operate, the walls of the north side of the house formed a constant dampness with the result that both bedrooms have enormous patches of mold, which has permanently damaged the wallpaper. What can we do next summer to correct this trouble? (We have storm sash and doors.)

A. Since the trouble dates back to the time your oil burner was installed, it would seem that all of your rooms are not thoroughly heated. The installation of adjustable radiator vent valves may help. For another thing, your wallboard may have been applied directly on the masonry walls, with no air space between. In this way, the board is chilled by the cold outside walls, and the warm, moist air of the house condenses on them. Many bungalows are built without finished basements, and it may be that you have only a dirt floor in the cellar space instead of a good concrete floor. When you had your coal furnace, the continuous dry heat evidently sufficed to dry up the dampness in the house.

Septic Tank Drain Cleaners

Q. Is the periodic use of yeast helpful or detrimental to a septic tank? What effect will the use of drain cleaners have on a septic tank? Is there any specially designed product on the market to keep septic tanks in better working order?

A. Small quantities of a drain cleaner can be safely used, but large quantities will slop bacterial action. In such cases, a large volume of water should be run into the tank to carry off the chemicals. Bacterial action can then be restarted by dissolving six cakes of yeast in lukewarm water in a wash-basin and flushing it into the tank.

* * *

Rough Basement Floor

Q. Kindly advise me what I can do to smooth a concrete basement floor? It is rough, scaly and pitted.

A. For a fine job you could have a terrazzo flooring contractor grind the floor down smooth with his terrazzo grinding machine. If the floor were very thin and cracking, I would suggest having it broken up and a new floor poured on top. But if the floor is not leaking or cracked, I believe you could simply apply a floor leveling compound, smoothing it on with a trowel. Get this from a dealer in mason supplies.

New Deodorant Offered for Paint

Some people like the smell of fresh paint—others object to it. For those who object, there is now on the market a means of masking the odor, in the form of deodorants. The manufacturers say that a very small quantity added to a gallon of paint overcomes objections to odor. It can be used with paint, enamel or varnish.

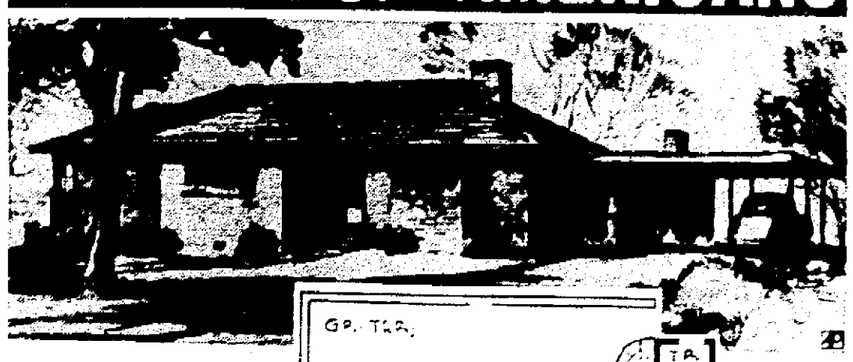
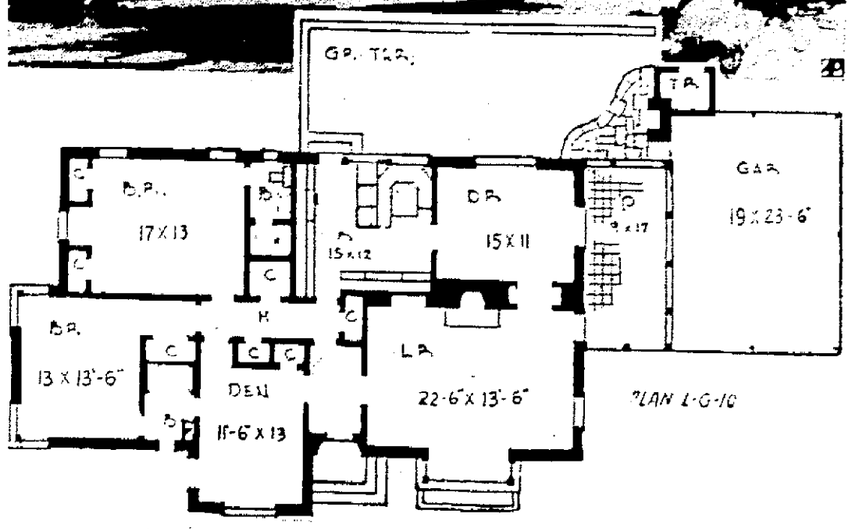
HOMES FOR AMERICANS





By The Associated Press

A rambling cottage of six rooms planned for privacy and convenience. This design, L-G 10, is the work of Henry Sprott Long and James L. Gatling Jr., architects, Frank Nelson Building, Birmingham 3, Ala. The house covers about 1,800 square feet exclusive of porch and garage. To get the morning sun in kitchen and dining room and give the living room a southwestern exposure this plan would be most suitable for the east side of a north-south street. A center hall layout makes it possible to go to any one of the bed rooms, kitchen or living room, without passing through another room. A grass terrace at the rear has a barbecue fireplace adjoining a tool room for garden implements. Access to the screened porch is afforded from both living room and dining room. The architects suggest brick veneered frame construction with a gas fired warm air heating system hung below the floor joists. There are two baths.

OK SOUGHT ON USE OF NEW MATERIALS

By International News Service

COLUMBUS, March 27 — Pleas to amend regulations to permit the use of new-type building materials were taken under consideration yesterday by the state board of building standards.

Five companies appeared before the board and asked the changes in the code as it applies to public, semi-public and industrial buildings.

The spokesman said the changes would permit wider use of building materials and reduce construction costs.

Proposed changes included:

By the Gypsum Association of Chicago: To permit the use of perforated gypsum lath and plaster;

By the Hollaender Mfg. Co. of Cincinnati: To permit the use of "Sani-Floor" toilet bases;

By the Electric Sales Co. of Canton: To use unsheathed Cable in certain types of construction;

By the Steel Joist Institute of Washington: Regarding the use of steel joists, and

By the Fibre Conduit Co. of Orangeburg, N. J.: To permit the use of bituminized drain pipe.

Charles Petitbone, chief of the state division of factory and building inspection, who presided at the hearing, said he would announce his decisions later.

Light Decorations Favored in Kitchen

Robin's egg blue, yellow, or deep brown are suggested by one decorator for try-outs in kitchens. First, however, determine how well-lighted your kitchen is, and select your color with a view to permanent satisfaction. The lighter colors are generally preferred for kitchens.

The paint or enamel used should be of first quality to stand frequent scrubbings, for greasy films from cooking are almost certain, sooner or later, to occur in the kitchen.

Indictment Pleas Entered at Bucyrus

Special to The Star

BUCYRUS, March 26—Seven prisoners entered pleas to indictments returned by the Crawford county grand jury before Judge C. U. Ahl Thursday. Five pleaded guilty.

John Solinger, burglary and grand larceny, pleaded not guilty and was committed to the state hospital for observaion for 30 days. Also entering a not guilty plea was Donald Reed, indicted for neglect of minor children. He was placed under $500 appearance bond.

Pleading guilty were Edward Cooper and Edward Simmermacher, charged with burglary with Solinger. Their cases were continued. Given indeterminate reformatory terms were John Franklin Albright, grand larceny; Donald David Albright, burglary, and Arthur E. Walters, forcible entry. Roosevelt Henley for grand larceny, was sentenced to an indeterminate period in the Ohio State penitentiary.

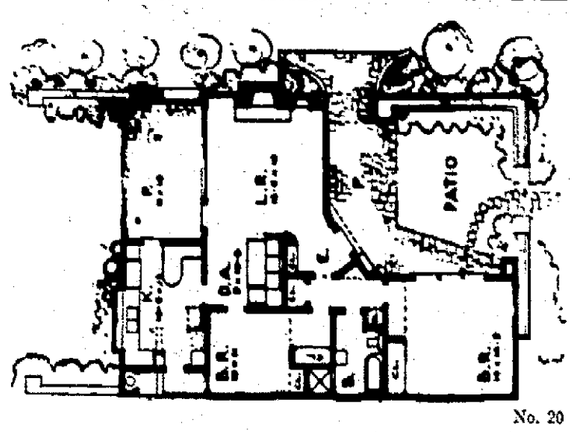
Design for Ranch Type Home



No. 20

Here is a ranch type home from California that is adaptable to any section of the country. It is so practical in design that it can be built on a wide lot as shown in the rendering, or on a narrow lot with the bedroom and patio to the front. This home offers the privacy home owners everywhere are demanding in spite of cramped quarters and limited sites. Its walled patio and brick-floored porches screen open sides of the living room and large bedroom from the street or neighbors. Back porch location is ideal for outdoor dining and built-in barbeque, with handy sliding glass doors from both kitchen and living room to solve the problem of carrying outdoor equipment through the house.

Six closets, open wood ceilings and plenty of built-in storage space in the kitchen further enhance this model home, designed for the Los Angeles Home Show and shown in PRACTICAL BUILDER magazine, Chicago 3, Ill. Working plans are not available.

Wood Shingle Stain Available in Colors

Wood shingles may be finished by the use of shingle stain, which is obtainable from paint dealers in a selection of colors. If the shingles are to be stained before being applied to the building, they may be dipped in the stain.

If already in place, the stain may be brushed on, as it is thin enough to flow into the interstices between shingles.

Easter Quest Ends In Tragedy for Two

By The Associated Press

YORK, Pa., March 26—A 72-year-old retired railroader was fatally beaten last night while getting soil for Easter flowers and his widow died a few hours later of a heart attack caused by the shock. William W. Nye was attacked near his home and beaten with a blunt instrument, Coroner Lester J. Sell reported. Before collapsing, the 70-year-old Mrs. Nye told police she had no idea of a motive.

Bulletins Mailed By Youth Committee

A. T. Allen, steering committee chairman of the Inter-Club Council today announced that informational bulletins and unit questionnaires relative to the formation of a coordination council have been sent to all organizations known to be active in youth recreational activities at the present time.

Chairman Allen believes that still other organizations interested in youth programs exist in the community, perhaps unknown to the council. For this reason some organizations may not have received their bulletins and questionnaires.

These groups are urged to contact the youth chairman of any organization in the Inter-Club council or Mr. Allen at the city school office, and arrangements will be made to provide them with full information on the youth program. The organizations at present included in the formation of the coordinating council include labor, community progress, civic betterment, and business service clubs, Allen said.

Kiln-Dried Floors Prove Non-Warping

From one-fourth to about two-thirds of the weight of a freshly cut log or trunk of a standing tree consists of water. Most of this water, of course, is removed by the time you receive the lumber in form of hardwood flooring or other wood material used in your home.

Oak flooring, the type most widely used in residential construction, is kiln-dried scientifically. The moisture content of the wood is reduced to a point which enables it to resist excessive expansion and contraction after installation.

WANT O.S.U. BEE COURSE

By The Associated Press

COLUMBUS, O., March 26—The keepers of the bees in Ohio want some recognition for their 30,000-member industry. Members of the Ohio Beekeepers association yesterday asked for at least one required course in elementary bee culture at Ohio State university' college of agriculture. And, they want an apiculture building on the new college of agriculture campus. The association passed the resolution during the thirty-sixth farm and home week on the O.S.U. campus.

ITALY'S REDS SERVE NOTICE OF SEIZURE

By The Associated Press

ROME, March 27—Italy's Communists served notice Friday they intend to seize the government by force if denied "the power the majority will give us" in the April 18 elections.

The threat opened a leftist drive to capture the offensive from government parties riding the crest of popular enthusiasm over the proposal to return Trieste to Italy.

It coincided with the end of the Communist-inspired typographers' strike that shut down the nation's newspapers for four days.

Luigi Longo, Italy's number two Communist, demanded of Premier Alcide De Gasperi and other government leaders.

"Will they acknowledge the results of the election?"

Longo, speaking before 50,000 at Bologna last night, declared:

"If they do not cede to us power the majority will give us, we will chase them out as we chased out others in our war of liberation."

The question as to whether the Communists will be allowed in the new government, has been an election sore spot.

Two Companies List Record Year Earnings

By The Associated Press

PITTSBURGH, March 26—National Steel Corp. today reported net earnings for 1947 of $26,838,788, equal to $12.03 per share, compared to 1946 earnings of $20,461,651, equal to $9.17 per share.

Board Chairman Ernest T. Weir told stockholders the firm's production "was the highest of any peacetime year and came within 26,000 tons of our peak war-year production."

Sites for Playgrounds For Summer Chosen

Lincoln and McKinley parks and the Forest Lawn and Glenwood schools will be the sites of the city's four recreation centers the city recreation commission decided at a meeting, Tuesday. The centers will be open from June 14 to Sept. 4.

Glenwood school was chosen to replace Garfield park since it was felt that the park is too far out for the children. Lincoln park replaces the Silver street center.

Robert T. Mason was elected president of the commission, W. Leonard Young, secretary, and Frank Robinson, treasurer.

In Plain Words

By James Marlow

—This is the second of two stories on the new rent control bill which is expected to become law by April 1.

* * *

WASHINGTON

HERE'S an ABC on rent controls in this country after April 1.

A rent control bill was passed by congress two days ago. President Truman almost certainly will sign it into law by April 1.

Then it will control rents for the 12 months between April 1, 1948 and March 31, 1949. It will be treated in this story as if it already were law.

Can a landlord raise your rent in those 12 months? No, except under these three conditions:

James Marlow

1. You voluntarily agree to an increase but when you so agree you sign a lease. The landlord can't force you to agree or to sign a lease.

2. The area rent control director permits the landlord to raise your rental. If this happens, the director will tell you so in writing.

3. The government has approved a rent increase for the general area in which you live.

But—if you agree to a rent raise in exchange for a lease—then remember these two things because they're important to you:

1. The rent increase must not be more than 15 per cent above the rent the landlord got for your living quarters on June 30, 1947.

2. The lease must run at least through Dec. 31, 1949. Note that date: Dec. 31, 1949, not Dec. 31, 1948.

Although the new law runs from April 1, 1948 to March 31, 1949, any lease you sign—agreeing to an increase—must be signed between April 1, 1948 and Dec. 31, 1948.

WHY WOULD ANYBODY sign a lease agreeing to an increase? You might sign for this reason:

Congress may, or may not, kill rent controls altogether when the new law ends March 31, 1949.

If it kills them after March 31, 1949, then a landlord will be free to raise your rent any amount.

If you sign a lease that runs till Dec. 31, 1949 — even though it means an increase for you—you'll be protected from any other increase till Dec. 31, 1949.

Why does the new law refer back to June 30, 1947?

Why does it say that no rent increase—agreed to between April 1, 1948 and Dec. 31, 1948—can be more than 15 per cent above the rent the landlord got for your place on June 30, 1947?

BECAUSE THE OLD RENT control law—which dies March 31, 1948—said this:

In the period between June 30, 1947 and Dec. 31, 1947, no landlord could raise a tenant's rent—and then only with the tenant's consent and in exchange for a lease — more than 15 per cent above the rent on June 30, 1947.

The idea behind the new law is to keep rents in general from rising any more than 15 per cent—until March 31, 1949—above what they were on June 30, 1947.

Suppose this happened to you: between June 30, 1947 and Dec. 31, 1947, you signed a lease, agreeing to some increase up to as much as 15 per cent above June 30, 1947. But your lease runs out Dec. 31, 1948.

THAT WOULD MEAN YOUR lease runs out three months before the new law dies on March 31, 1949.

Do you then have to sign a lease on Dec. 31, 1948, or can the landlord raise your rent after that date? No.

In that case you can sit tight till March 31, 1949, and see whether congress continues rent controls beyond that date.

THIS IS SOMETHING else to keep in mind—

In some cases since June 30, 1947, the area rent control director has permitted a landlord—because he was suffering a hardship—to increase his rent above what it was on June 30, 1947.

If you sign a lease with such a landlord it can not be more than 15 per cent above the rent the area director allowed the landlord to charge, although that would be more than 15 per cent above the June 30, 1947 rent.

This story can't cover all questions of the new rent control. It hits only the high spots. If you have a special question, ask your area rent control director.

DEATH ENDS VETERAN'S VARIED AIR EXPLOITS

Special to The Star

GALION, March 27—The report has been received here of the tragic death of Lieut. Commander Robert Louis Junghans, 31, veteran Pacific air pilot who was with the Byrd Antarctic expedition early in 1946.

Junghans was fatally injured Thursday during a landing near Philadelphia, while instructing a student pilot in the operation of the helicopter.

Junghans was stationed at Lakehurst, N. J., Station, having reenlisted in the service in September, 1946. His helicopter training led to his being chosen to accompany Rear Admiral Richard E. Byrd's expedition in south polar lands from Jan. 1 to April 1, 1947. In making many flights for exploring the Antarctic, he was the first flier to land a helicopter in Australia.

Lieut. Commander Junghans last visited his aunt Mrs. John A. Jenkins of Galion last spring upon his return from the Byrd expedition. Mr. and Mrs. Jenkins and their son John left Galion Friday with Mr. and Mrs. Harry G. Junghans of Downers Grove, Ill., parents of the deceased, for Beechwood, N. J., where Lieut. Commander Junghans' wife and two daughters live.

Born in Cincinnati, he was the son of Harry and Maude (Snyder) Junghans. His mother was a Galion girl. He attended high school in Detroit, also University of Michigan, and was graduated from Ohio Wesleyan, in 1940. He was married at Pensacola, Fla., to Mary Steel, a Navy nurse from Stratford, Conn. They have two daughters.

In March, 1941 Junghans entered naval service, training at Pensacola, Fla. He was an instructor there until sent overseas as a fighter pilot. He was aboard the carrier Hornet when it was damaged during a typhoon off Okinawa, and he was engaged in bombing raids over Tokyo during the latter phases of the Pacific war. He had many narrow escapes including being under heavy fire in supporting the Marine invasion of Iwo Jima.

Calvary Evangelist Preaches from Romans

Scriptural basis for the sermon of Rev. W. L. Mullet of Walhonding, evangelist, at the revival service of Calvary Evangelical United Brethren church was part of the sixth chapter of Romans. Mr. and Mrs. Charles Feaver sang a duet. A request was made that each one present invite five others to the Sunday services. The evening service will close the special revival effort.

Rev. Mullet said in part: "Of all the questions we have to answer today, the most important one is 'What are we going to do with Jesus?' There are people on the roll of church membership who seemingly have no active interest in Christ, in the program of the church. There are people whose families are concerned about what they are 'going to do with Jesus.' Let him purify your heart of all base desires, take out the love of 'things' and put in the love of God."

Rev. W. C. Endley, 94, Methodist, Is Dead

By The Associated Press

ELYRIA, O., March 27—Rev. W. C. Endley, former superintendent of the Sandusky Methodist church district, died yesterday at 94.

Rev. Endley retired in 1920. He had held pastorates in Cleveland, Wadsworth, Wooster and Mt. Vernon, O. His son-in-law, Dr. Ralph Sockman, is a well-known New York clergyman.

DOLA SCHOOL CALENDAR

DOLA—Patty Ann Clark has been named valedictorian of the senior class for commencement exercises May 20. Salutatorian is Miss Velma Smith, daughter of Mr. and Mrs. Vern Smith. The Dola school calendar includes junior-senior prom April 30; senior play May 7 (tentative); baccalaureate May 16, and senior class day May 18. A magazine sale sponsored by the school for football equipment brought $62.56. High salesmen were three eighth graders: James Elwood, Ronald Sterrett and Gene Willake.

FOR HARDIN CO. TEACHERS

KENTON—School teachers of Hardin county will meet on the afternoon and evening of Monday, April 29, at the Dunkirk school. Frank C. Ransdell, superintendent of schools, has announced. During the afternoon session, Mrs. A. Wyker of Huntsville, a member of the speakers bureau of Ohio Agricultural extension department will speak. The evening session will follow a dinner, and will be highlighted by a vocal music program featuring a chorus of 90 voices from Findlay High school under the direction of Oscar Jones.

Your Good Health

By DR. HERMAN N. BUNDESEN

Cancer That Doctor Can Easily Diagnose

Cancer of the lower bowel is one of the simplest of all cancers to disgnose. Where it is suspected, the physician can tell with surety, even in the very early, curable stages, whether it is present or not—and that by a fairly simple examination.

Unfortunately, however, most victims of this type of cancer do not give their doctors a chance to help them. They ignore their symptoms as long as they can be ignored and present themselves for examination only after the cancer is far advanced.

This sad fact accounts for an even sadder one—that one-fifth of our annual cancer deaths are due to cancer of the lower bowel. This condition is twice as frequent in men as in women. Most of the patients are between fifty and seventy years of age. However, from one to five of every hundred of those affected are below the age of thirty.

There are certain disorders which evidently contribute to the development of such bowel cancers. These are tumor growths kown as polps and adenomas. The occurrence of such polps is quite common. Inflammation of the bowel, piles, and cracking around the opening of the bowel are not particularly important as contributing causes to the development of cancer.

The symptoms which suggest the possibility of cancer of the bowel are bleeding from the rectum, changes in bowel habits, such as the occurrence of constipation in a person who formerly did not have such a condition, and the development of rectal pain.

When any of these symptoms is present, an immediate examination by the physician should be made. This examination should include the use of the proctoscope. This is an instrument made up of a tube and a light, which can be passed directly into the bowel. In this way it is possible for the physiican to examine directly the lining membrane of the bowel to determine whether or not a growth is present. Practically all cancers of the lowen bowel can be seen with the proctoscope.

Early diagnosis of cancer, or the discovery of polps which can be removed before they become cancerous, becomes all important if deaths from rectal cancers are to be reduced.

The blood in rectal cancer is usually bright red and either streaks the bowel movement or is mixed with it. Large hemorrhages do not occur, except in rare instances. Unfortunately, pain is a late sign and, by the time it develops the growth may have become quite large.

X-ray examination is, as a rule, not of any great help in the diagnosis of early cases of rectal cancer.

Of course, when a growth is discovered, it should be promptly removed by surgical operation.

QUESTIONS AND ANSWERS

Answer: There is no such thing as loss of control of the kidneys. It is loss of bladder control which leads to difficulty. This, in turnn, usually results from some disturbance of the nervous system. However, it may also be due to malposition of the bladder.

A thorough study by a physician is needed to find the cause before treatment can be advised.

GREEN CAMP SCRAP DRIVE

GREEN CAMP — The Junior and Senior classes of Green Camp high school plan a scrap drive for Friday, April 16. Receipts will go into the Washington trip fund of the two classes. The classes will gather paper, rags, iron, auto tires and batteries. They ask that papers be securely tied in bundles.

TO ADDRESS TEACHERS

BUCYRUS — Dr. Edwin A. Fensch, director of research at Mansfield public schools and Ashland college instructor, and R. M. Garrison, chairman of a division of education in the state department of education, will speak at the Crawford county teachers conference at Sulphur Springs school next Tuesday.

Marion Follows General Ohio Trend in Reporting Slight Decline in Number of Crimes

Though crimes committed in Marion decreased about 11 per cent last year, following a general statewide trend. The stakes criminals aimed for were generally higher, however, a survey completed by the Federal Bureau of Investigation revealed today.

In 1946, Marion police records show, 591 crimes were committed, ranging through robbery, aggravated assault, burglary, larceny and theft. Last year, 521 similar crimes were committed, but while crimes of a lesser nature decreased, robbery, auto theft, and larceny over $50 increased.

In both years, there were no murders in the city, though there were two in the county last year. The FBI report, compiled from records in police departments in 140 Ohio cities did not cover rural offenses.

Robberies Increase

Robberies in Marion last year jumped to 14 from 8 in 1946. Burglary and breaking and entering increased from 93 to 95. Larceny and theft of over $50 were almost twice as common last year, 83 to 45, and auto theft increased from 40 to 58. But a large decline was shown in larceny under $50, which dropped from 401 to 268. Aggravated assault cases were down from four to three.

Though a crime was committed every 7.3 minutes in Ohio last year, the state wound up with five per cent fewer offenses than in 1946, the report shows.

The facts revealed in the FBI study, released today in an Associated Press dispatch, show that a total of 71,449 offenses were committed in Ohio cities last year, compared with 75,641 the year before.

Types of Crimes

The types of crimes included in these totals are murder, manslaughter, rape, robbery, aggravated assault, burglary, breaking or entering, larceny, theft and auto theft.

In general, Ohio trends compared with national trends. The complete study covered 2,076 cities with 65,432,168 inhabitants.

The nation showed an increase of 2.9 per cent in the number of rapes and of 3.3 per cent in number of aggravated assaults. Ohio figures were up 11 and 8 per cent, respectively.

Auto thefts declined 20.7 per cent throughout the country and 20.5 per cent in Ohio.

By types, these were the number of offenses in the state last year with the figure for 1946 following in parentheses:

Murder and nonnegligent manslaughter, 252 (256); manslaughter by negligence 156 (174); rape, 549 (495); robberv, 2,005 (3,005); aggravated assault, 2,197 (2,019); burglary, breaking or entering, 16,143 (17,563); larceny, theft, 42,-904 (43,272); auto theft, 7,043 (8,857).

J. Edgar Hoover, FBI director, said that thousands of additional lesser offenses are not tabulated by the bureau.

He said the extent of crime throughout the country showed no appreciable change from 1946, which reached a peak since national statistics first were gathered in 1930.

Rural Areas Gain

In general, the number of crimes increased in rural areas and decreased in cities. However, cities with 100,000 or more people generally reported a higher ratio of crime than smaller communities.

These were the number of offenses reported by police last year in Ohio cities of more than 25,000 population. They are listed in the following order: (1) murder and none-negligent manslaughter, (2) robbery, (3) aggravated assault, (4) burglary, breaking or entering, (5) larceny and theft $50 and over, (6) larceny and theft, under $50 and (7) auto theft.

The figure for the same crime in 1946 follows in parenthesis:

WESLEY CLASS MEETS

The Woman's Bible class of Wesley Methodist church voted an Easter offering of $10 at a meeting last week in the home of Mrs. Della Davis at 202 Windsor street. Mrs. Cora Daymude was in charge of business. Devotions were led by Mrs. Bertha McElhaney, and a program was directed by Mrs. Maude Roberts. Included were readings by Mrs. Beth Monk and Mrs. Clara Smallwood and vocal duet, Mrs. Effie McCrery and Mrs. Edith Bush. Mrs. Ocie Lattimore assisted in serving.

Garedn Club Display Symbolic of Easter

The Marion Garden club has an Easter display at the public library consisting of three white lilies flanked by long white candles set in glass holders. In front of these lies an open New Testament, its paper edges of lavender blending with the mauve-colored crepe enclosing the flower pot. The words "Marion Garden Club" form a background announcement.

Wallace Says Truman Uses Scare Tactics

By The Associated Press

NEW YORK March 27—President Truman's administration was accused by Henry A. Wallace last night of resorting to intimidation tactics to silence opposition to its "program of regimentation and preparation for war"

The third party candidate, speaking over a nationwide radio network, declared that President Truman "set the pattern" for the tactics in his St Patrick's day speech in New York

In that speech Mr Truman disavowed the support of "Henry Wallace and his Communists"

"The men who speak of reigns of terror in Europe are fast introducing a reign of terror here at home" Wallace said, adding that "President Truman set the pattern when he branded the millions who oppose his policies as Communists"

FARM YOUTHS DINNER GUESTS

C. of C. Entertains 8 in Gilt Project; L. K. Bear of O.S.U. Speaks.

Eight young Marion county farmers, specialists in hog raising, were honored guests of the Chamber of Commerce agriculture committee at a banquet in Hotel Harding last night.

The eight boys, whose grades in school range from fourth to ninth, last summer were chosen to participate in the Chamber's pure bred gilt program because of their interest and ability at hog raising. Each was given a gilt to breed with the stipulation that one pig from the gilt's first litter would be sold when it had reached 200 pounds in weight, the money to go back to the Chamber to finance another year of the project. The boys keep the gilt and the rest of the litter to dispose of as they wish.

At the Marion county fair in August, each boy will enter his gilt for prizes given by the Chamber.

Last night the boys, Paul Carr of near Prospect, Carl Reugert of near Waldo, Myron Sandridge of near Morral, Charles Fogle of near Marion, Thomas Guthery of LaRue, Roger Augenstein of near Galion, Robert Williams of near Morral, and Richard Lacom of near Waldo, heard a talk on breeding and feeding by L. K. Bear, specialist in animal husbandry from Ohio State university. He told them that only 14 per cent of the population of the United States are farmers, and only half of the farmers were real producers. He urged them to breed and feed their hogs properly so that they could send a measurable quantity of hogs to the nation's markets and become real producers.

Lloyd Calhoun, chairman of the Chamber's agriculture committee, explained the pure bred gilt project that was begun in 1944, and introduced Chamber of Commerce President Robert T. Mason, who welcomed the boys and congratulated them on their success in the project. Charles Fogle, as the spokesman for the boys, thanked the Chamber for conducting the project, and was interviewed as to the methods he used in breeding his gilt and feeding the brood.

Arthur Smith, county extension agent, introduced Mr. Bear.

Members of the agriculture committee present were Frank Brobson, Harold Carroll, Marion Clark, Fred Hoch, Lloyd Lutz and Harry Price. H. E. Webster, secretary and R. W. Solinger, assistant secretary of the Chamber, also attended.

Short Circuit Causes Fire with $50 Damage

Two minor fires within a period of four hours yesterday resulted in an estimated $50 damage.

A fire in the attic of the A. B. Creasap home at 137 East Fairing street at 5:27 p. m. resulted when a workman, laying a new floor in the room, drove a nail into the electric feeder line, causing a short circuit. He was not injured. Damage to the wire cable, parts of the floor and wall partition was estimated at $50. Fire companies from West Center and Mark street stations responded to the call.

A blaze resulting from a short circuit in the battery of a car driven by A. H. Gilmore of Fostoria was extinguished at the West Center street station at 12:25 p. m. Mr. Gilmore drove the car to the station. No damage resulted.

New York Stock Quotations

By The Associated Press

NEW YORK, March 27—Scattered stocks continued to push ahead in today's market although many leaders back into losing territory.

Some professionals returned from the holiday a bit dubious regarding the swiftness of the recent recovery. These inclined to cash profits.

Superior Oil of Calif. jumped 5 points to a 1948 high. Ahead most of the time were Youngstown Sheet, Goodrich, Woolworth, Bendix Aviation, General Electric, Allied Chemical, Eastman Kodak, Northern Pacific and Pacific Western Oil.

Occasional laggards included U. S. Steel, Bethlehem, General Motors, Sears Roebuck, United Aircraft, Radio Corp., Santa Fe, N. Y. Central, Baltimore & Ohio and Public Service of N. J. Gulf Oil weakened following the proposal to increase the company's capital stock.

CHICAGO, March 27 — Grains were mostly higher at the opening on the board of trade today. Dealings were not active. The slight upturn mainly reflected a lack of selling pressure.

Wheat started ¼ lower to ¾ higher, May $2.41¾-¼, corn was ¼ to 1 cent higher, May $2.16½-¾, and oats were unchanged to ¾ higher, May $1.09⅝.

deprived the public of complete and current news."

The judge's opinion recognized that there are substitute processes used in publishing newspapers when printers strike.

However, "the supply of such available substitute facilities is limited so that any substantial addition to the number of strikes now in existence may make it impossible for struck newspapers in some communities to publish at all," the opinion said.

FIVE SERVING SENTENCES

UPPER SANDUSKY — Sentenced for contributing to the delinquency of a 16-year-old girl, five young men from nearby communities today were starting to serve 30-day terms in Wyandot county jail here. They were tried in a juvenile court session here with Judge Russell H. Kear presiding. Each was also fined $50 and costs. Arrests were made by Sheriff B. H. Stansbery, Deputy Karl Stansbery and Marshall C. A. Kirchner as special deputy.

Rail Union Heads To Meet Promptly

By The Associated Press

CLEVELAND, March 27—Heads of the Engineers, Firemen and Switchmen will meet "as soon as possible" to consider today's report of the presidential fact-finding board in their wage case, it was reported by headquarters of the firemen's brotherhood.

The firmen's president, David B. Robertson, declined to comment on the report pending receipt of the full text.

A. F. Whitney, president of the Brotherhood of Railroad Trainmen, said the board's recommendation for a 15½ cents an hour increase to the three organizations was "what I had anticipated."

General committees of the Trainmen and the Order of Railway Conductors will meet here Monday to consider new wage demands. They accepted an increase of 15½ cents last fall.

"I know the railroads have been laying aside money to pay the engineers, firemen and switchmen retroactive wages from last Nov. 1, on the basis of 15½ cents," said Whitney.

EXPECT WAR TROPHY

MARYSVILLE — By Memorial day the legion post here expects to have at the courthouse a German 88 mm. flak gun, anti-aircraft weapon of World War II. This will replace the larger German artillery piece of the No. 1 conflict which was donated to the scrap drive a few years ago, Commander William Otte explained recently.

Probe on Liquor Permit Bribery Reports Begun

By The Associated Press

COLUMBUS, March 27—Prosecutor Ralph J. Bartlett today began an investigation to determine if applicants for state liquor permits have been "shaken down" for sums of money.

The Franklin county prosecutor acted after Howard J. McCall, a Springfield night club operator, reported he paid $300 to a liquor department official while seeking a permit.

The official, A. E. Oppenheimer, of Portsmouth, chief permit examiner, said that McCall's story was false.

GALION WORKER BURNED

GALION, March 27—J. Lynn Fulton, 60, of 502 North Columbus street, was severely burned Friday at the Galion Iron Works and Manufacturing Co., when a flash fire occurred as a short developed in an electrical switch. Witnesses said Fulton was attempting to close the switch when a short circuit apparently developed and fire flashed at Fulton. He is a foreman of maintenance and electrical equipment.

GREGORY PECK AND DOROTHY McGUIRE play lead roles in the production of "Gentleman's Agreement," which was last week picked as the best picture of the year. It opens Tuesday at the Ohio theater.

Hopalong Cassidy Picture at State

"The Unsuspected" starring Joan Caulfield and Claude Rains, and "Hopalong Cassidy Rides Again" with William Boyd will be shown Sunday and Monday at the State theater.

Billed as a double feature for Tuesday and Wednesday will be "The Thirteenth Hour" and "Sing Your Way Home." The former stars Richard Dix and Karen Morley, and heading the cast in the latter are Jack Haley and Anne Jeffreys.

James Cagney and George Raft are the starring players in "Each Dawn I Die," the main attraction of a double feature to be shown Thursday through Saturday. Completing the billing will be "Bad Men of Missouri" with Dennis Morgan and Jane Wyman.

Bowery Boys In Marion Picture

"Angels' Alley," which tells how the Bowery Boys fight juvenile delinquency as they become involved with a petty racketeer, will be the main attraction of a double feature to be shown Sunday through Tuesday at the Marion theater.

Leo Gorcey heads the Bowery Boys in the comedy-drama, and instead of running into trouble with the law, the lads fight juvenile delinquency.

Completing the double billing will be a Joe Palooka drama, "Fighting Mad," based on the popular comic-strip cartoon. Joe Kirkwood portrays Joe Palooka, while Leon Errol is seen as manager Knobby Walsh.

Wednesday and Thursday, the double billing will be "Prison Girls" and "Marked Men." The former stars Sidney Blackmer and Rose Hobart, and heading the cast in the latter is Warren Hull.

Billed as a double feature for Friday and Saturday are "Heading for Heaven" starring Stuart Erwin and featuring Glenda Farrell, and "Ridin' Down the Trail" with Jimmy Wakely and "Cannonball" Taylor.

The former tells of a real estate development and the efforts of a gang of crooks to steal it from the family which has owned it for years. In the latter, cowboy star Jimmy Wakely runs into a lot of trouble with a band of outlaws who try to rule the town of Trail City and rustle the cattle of ranchers, until a ranger is sent for to clear up the mess.

Story of Boy's Struggles at Ohio

"Scudda - Hoo! Scudda - Hay!" starring June Haver and Lon McAllister and filmed in technicolor, is now playing through Monday at the Ohio theater.

Adapted from a novel of the same name by George Agnew Chamberlain, it is the story of a young boy who is left by his father to shift for himself with a bitter stepmother and a jealous stepbrother. Lon McAllister plays Snug Dominy, the boy who gambles everything on the purchase of a pair of stubborn mules in order to propose to the girl he loves. This girl is Rad McGill, played by June Haver. She is a well-meaning flirt for whom it takes near-tragedy to distinguish between a good man and a bad one.

June Haver and Lon McAllister started their journey to stardom together in "Home in Indiana," parts of which were filmed in Marion. Included in the outstanding supporting cast in "Scudda-Hoo! Scudda-Hay!" are Walter Brennan, Anne Revere and Natalie Wood.

"Gentleman's Agreement," which was last week picked as the best picture of the year and for which its producer, Darryl F. Zanuck, was awarded an Oscar, opens Tuesday at the Ohio. It is scheduled to run for 10 days.

Adapted from Laura Z. Hobson's No. 1 best-selling novel, the screen version stars Gregory Peck, Dorothy McGuire and John Garfield. Heading the supporting cast is Celeste Holm, who won an Oscar last week as the outstanding supporting actress of the year.

In the film, Gregory Peck is seen as Phil Green, an ace magazine reporter, who gets into the most exciting adventure of his career when his editor assigns him to do a startling series of articles. In order to get at his story from the inside out, Phil must assume a masquerade which brings to a dramatic crisis his relationship with the one woman he loves.

NEWSPAPER BOOSTS PRICE

By The Associated Press

PHILADELPHIA, March 26—The Evening Bulletin yesterday announced a price increase to five cents a copy, effective March 29. The newspaper now sells for three cents. The Bulletin said its action was made necessary "by reason of the substantially increased costs in all phases of newspaper publication."

Only about one in 40 Americans who ever have been married have been divorced and not remarried.

JUNE ALLYSON AND VAN JOHNSON, above, are co-starred in the comedy production, "The Bride Goes Wild," which tells the story of a prim schoolma'am who tries to reform a gay playboy. It will be shown Sunday through Tuesday at the Palace theater.

Love's Perilous Path

By ADELE GARRISON

"AH-H!" Katie's long drawn breath as I finished my directions was one of pure ecstacy. I saw that her movie-fed soul with its long ambition to be a "really true detecatuff" was reveling in this secret conference, with its mild conspiratorial orders.

"You don't need to make eet dot truth," she said. "You don't need take time off to stop een your own room oonless you vant. Me, I don't care eef I tell vun leetle lie if eet help beeg detecatuff stuff, and I no tink Meesis Ticer will boder eeder. Hey, Meesis Ticer!"

My neighbor laughed comfortably.

"No, Katie, a little white lie won't bother me," she said.

I smiled at both of them, for their loyalty warmed my heartstrings.

"Then," I said, "we will go out of here now. I am sure no one is in the corridor. Go as fast as you can to my little study, and, as I told you, wait there until you are sure Mr. Graham, Mr. 'K,' and King Georges have started for my father's wing. When they are safely out of the way, you can go about your kitchen work."

"Dot keetchen vork kin vait," Katie said loftily. "Eet shoost deeshes, und me und Meesis Ticer kin do dem as fast as two leetle sheeps kin vag dere tails. Me, I keep vun eye glued to crack of your stoody door till I see backs of dose tree men skedaddling for your fader's ving. Den I keep mine eye glued to crack five meenits longer by clock. Den, me and Meesis Ticer, ve get to our deeshes."

"All right," I said with another smile, and turned toward my father's wing as they scurried down the corridor to my little study. And as I walked, a pleasurable feeling of temporary relief from anxiety invested my soul. Katie appeared determined to prove her penitence for her atrocious temper tantrum on our arrival, by being extra gracious and friendly in her behavior toward our valued neighbor, and her chief aversion, Mrs. Ticer.

Best of all, Dicky providentially had appeared to deal with Georges. I acknowledged to myself that I had come to the end of my rope with the royal egoist. Nothing that I had told him, not even my knowledge of the letters he had written to Mary from the sanitarium, had shaken his determination to hear from her own lips affirmation or denial of the love for him which his absurdly inflated imagination had decided she was feeling.

But I felt absolute confidence in Dicky's ability to deal with the royal playboy, and his laughter-provoking obsession, and accompanying that confidence was the heady feeling which comes to every wife worthy of the name, no matter how many things she may accomplish by herself—the assurance that the man she has married can take over—and solve—a problem when she has exhausted her own resources.

I reached my father's wing, used my key on the door opening from the corridor—we always keep his suite locked when he is not "in residence"—and locked it carefully behind me. When Dicky brought Georges and Mr. "K" over, there would be no sign that anyone had used the entrance. Then, I looked over the rooms to see which of them would make the best "listening-in" post.

The guest bedroom door, I decided, was least visible from the living room, and Georges would not be apt to look toward it; he would see nothing if he did, for though, it would be slightly ajar, I would be sitting behind it, with my eyes and ears focused on the aperture.

Careful to touch nothing in the room, I went into the guest bedroom, leaving the door ajar, drew a low "slipper chair" small, but comfortable, behind the door, and settled down to the job of "eavesdropping" which had been imposed upon me.

I found, to my amazement, that despite my instincts and my rigid training, I was looking forward avidly to this task, which, ordinarily, I would have thought detestable. But I salved my conscience with the thought—anything to save Olina and Mary from the consequences of Georges' absurd ideas was pardonable. And I felt myself tingling with excitement when I heard Dicky's key in the door.

"Here we are!" I heard him say an instant later. "Please be seated, gentlemen!"

Win Over Browns Boosts Tribe Reputation As Clutch Hitters

By The Associated Press

LOS ANGELES, March 27—The Cleveland Indians, who lost some 25 games by one-run margins last season, are establishing a new reputation as run-making clubbers who "get 'em when they need 'em."

One of the most optimistic signs of the Tribe's current Grapefruit season has been their ability to finish on the right side of those one-run margins—the type of rally which gave the Indians a 6-5 verdict over the St. Louis Browns yesterday.

It was the third straight victory for the Tribe by a single-tally edge and marked the fourth consecutive game in which the Indians rallied for their winning margin in the last inning. The Indians now have a 9-4 record for exhibition games.

Boudreau Gets Single

Cleveland was trailing 9-7 yesterday when manager Lou Boudreau opened the wild ninth with a single. Elbie Fletcher walked and pinch-hitter Hal Peck was hit with a pitched ball, loading the bases. One run scored on an infield out, and another grounder and walk filled the sacks again.

Thurman Tucker then popped a Texas-leaguer into short left field. Whitey Platt, the Browns' left-fielder, dived for the ball, rolled over and displayed the horsehide in his glove as 1,702 fans started to leave the park.

But umpire Art Passarella said Platt had taken the ball on the first bounce and ruled that the Tribe's two added runs were legal.

Seerey, Keltner Homer

Pat Seerey and Kent Keltner, two right-handed batters on the comeback trail, belted homers to help the Indians' cause. Seerey rapped a two-run blast in the sixth, while Keltner's third homer of the week came with two runners aboard in the fifth.

Hank Greenberg, the undecided slugger, and Tribe President Bill Veeck were slated for another confab today on the time-worn question of whether Greenberg will sign with the Indians this season.

HARBERT TAKES LEAD IN CHARLOTTE OPEN

By The Associated Press

CHARLOTTE, N. C., March 27—Chick Harbert, the Detroiter who hits one of the longest drives in the game, was on the top perch, a dozen strokes under par, starting today's third round in the $10,000 Charlotte Open.

Despite two impressive 66's, however, Harbert held only a one stroke lead over Lawson Little of Cleveland, and 11 other challengers were within six strokes of his 132 total.

Carry Middlecoff, last year's playoff winner, and amateur Frank Stranahan of Toledo, O., shared third place at 134, two off the pace.

Knee Injury May End Marty Marion's Career

By The Associated Press

ST. PETERSBURG, Fla., March 27—Marty (Mr. Shortstop) Marion fears an injury jinx that helped prevent the St. Louis Cardinals from repeating as National league champions last year, may end his baseball career.

Marion's left knee, which he hurt in a slide last year, is acting up again, and caused him to leave the training field yesterday with the remark that he didn't expect to play ball again unless the trouble is corrected.

"I'm really worried," the 30-year-old veteran of eight seasons with the Cardinals declared. "I tried to lean forward for a ground ball and fell right on my face. I can't imagine what it is."

STATE LEGION CHAMP

By The Associated Press

INDIANAPOLIS, March 27—Middletown Post 218, Middletown, O., has been certified as one of 17 state champions to compete in the American Legion national basketball tournament at Jeffersonville, Ind., April 14.

Cincinnati, Blue Last Year, Now Walking on Air

By The Associated Press

TAMPA, Fla., March 27—A year ago now the Cincinnati Reds were blue.

Even their best friends were telling them that with good luck they'd probably finish in the basement of the National league. The old crate seemed to have gone about as far as it would go, with blowout patches covering blowout patches and the whole team rattling like shutters on a haunted house.

Johnny Vandermeer had a sore arm. Eddie Miller had not reported. Frank Baumholtz was an untried rookie. Babe Young still was with the Giants. Manager Johnny Neun still was learning the names of the players.

This year Johnny Vandermeer feels fine. Eddie Miller is gone, necessarily, and a kid named Virgil Stallcup seems to be doing okay at shortstop. Baumholtz had a good year, and now is classed as a veteran. Babe Young is very much among those present. And some youngster pitchers such as Howard Fox, Herman Wehmeier and Tommy Hughes appear good enough to stick, and win a few games.

All in all, the bleak picture of a year ago has mellowed into a rosy panorama of things to come. Not that the Reds are pennant contenders, as the league is going to be full of improved teams this year. But it seems to be a better team than the one which finished a surprising fifth last year.

A good share of the positions still are quite wide open.

There is doubt, for instance, as to whether Ben Zientara or Bob Adams will be on second base most of the time. Johnny Wyrostek, obtained from the Phils, is currently the centerfielder, but he has competition. Hank Sauer wants to play left field, but so does Augie Galan.

The very fact there is competition for positions is taken as a good omen.

The pitching, behind Ewell Blackwell, still is hazy. Vandermeer might have a great season, but that's a question. Fox looks like a sure winner in the big time. There are veterans such as Ken Raffensberger, Everett Lively, Kent Peterson, and the perennial Bucky Walters, who could or could not have good years. Time alone can tell that.

But, compared to a year ago, the Reds are walking on air.

Eight Teams Open Olympic Cage Trials

By The Associated Press

NEW YORK, March 27—Eight teams open the second American Olympic basketball trials today in Madison Square Garden. A trip to Boston is the prize for the 14 best players.

Representing the best in their classes, the entries include four college quintets headed by powerful Kentucky, and four independent clubs, topped by the AAU champion Bartlesville, Okla., Oilers.

The Denver Nuggets, National AAU runners-up, met the Oakland, Calif., Bittners, the nation's No. 3 AAU club, in the first game of the afternoon doubleheader. In the second game, Baylor university, NCAA runner-up, took on New York university.

Tonight's program matches the Phillips Oilers against Brooklyn's National YMCA champions at 8 o'clock, and Kentucky against Louisville, NAIB Titlist, in the nightcap.

FOR the 200 boys who participated in the American Legion Junior Baseball program and for the youngsters coming up who hope to wear the Legion uniform this season, it is none too soon to start tossin' 'em around the back yard . . . Although the Legion program doesn't start actively until after school is out, the competition for positions on the Legion nine is expected to be especially tough this season, and any extra practice will pay off when the program begins . . . The "farm" system organized last year by H. George Roest is expected to yield a crop of more experienced diamondmen and there will be a flock of them seeking the 16 available berths on the top team . . . Last year the Legion "farms" consisted of eight teams of boys between the ages of 14 and 16, and four teams of boys under 14 . . . The city recreation directors, Joseph Petrich, W. N. Wiley, and Max Sechrist, assisted Mr. Roest in coaching the minors, while Nelson Irvin handled the regular Junior Legion team . . . This year, the Legion hopes to expand the program . . . working out the baseball program are Legion committee William Martin, chairman, William E. Tiffin Behms Surprise Prospect All-Stars, McMillen, Roxy Grill Win in "Y" Tourney

Three games in the quarter finals last night in the Y.M.C.A. Gold Medal tournament saw Tiffin Behms upset Prospect All Stars, 36-32. McMillen Feed down Pollak Steel, and Roxy Grill shade Commercial Steel, 58-51.

Prospect, playing without the the services of Glen Kessler, star performer, kept pace in the field goal department as each team sunk 14 two-pointers, but faltered at the gratis line when they hit on only four of nine while the Behm's netted eight of eleven. The Tiffin combine, led by Frank Behm who counted 18 points, trailed by one basket, 6-4, at the quarter. They led 16-14 at the half, but trailed again at the three-quarter mark, 28-24. A big 16-4 fourth period spelled the difference. Ohler scored 12 points in leading the Prospecters.

The Feed boys, taking command of the situation from the start, grabbed a 14-1 first period lead, increased it to 28-10 at the intermission and coasted in on eight point quarters in the second half. Moran and Jones with 16 and 11 points respectively furnished McMillen's fire power, while Drake counted nine points for the Steelers.

Commercial Steel, playing a nip and tuck game with the hot Roxy Rogers, connected on 22 fielders to 21 for Roxy, but failed the foul line, hitting on seven of 15, while Roxy counted 16 to 22. Blair counted 25 for Roxy, and J. Frank 15 for the losers.

McMillen will play Schlairet and Roy Grill will play the Behm's tonight at 7:30 and 8:30 p. m.

SPORTS ROUNDUP
by Hugh S. Fullerton jr

NEW YORK, March 27—When fans who watched the A.A.U. basketball tournament in Denver read that Kentucky was being picked by some experts as favorite in the Olympic tournament, they let out a few guffaws. . . . Then they began to wonder. . . . They agree that the Phillips 66 team from Bartlesville, Okla., has plenty to lick most college teams, but some of the other A.A.U. outfits didn't look too good. . . . And the Bartlesville boys admittedly are preparing for a turnover next season. . . . One player they'd like to get is Ray Lumpp of N.Y.U., but they're also looking for other prospects to replace older athletes. . . . Word from the Dodger training camp is that Hugh Casey is suffering from an ailing back. . . . No wonder, after he carried the team on it all last season.

NOTRE DAME'S basketballers weren't sorry when Marquette's Gene Berce wound up his college career in Thursday's All-Star game. In six times he faced the Irish, Gene scored 124 points. . . . Hal Schumacher, one-time giant pitcher who now sells bats to the major league clubs, is taking a holiday pitching for the Yankee batters. . . . Citation, Calumet's Kentucky Derby favorite, has been running second to his stablemate, Coaltown, in recent morning trials.

WHEN Harry Rabenhorst, Louisiana State U. coach, issued his call for baseball practice recently, he noticed that one candidate, a kid from South America, didn't have any baseball shoes. . . . Harry asked the kid what size shoes he wore. . . . The Latin lad thought it over deliberately and replied: "Oh, about 7:30."

Harding Boosters Open Membership Drive Today

The Harding Booster club today opened a membership drive with a goal of 1,000 new members by April 12.

Each of the club's active members were mailed five membership cards and asked to enroll five men.

The Booster club, which has sponsored many worthwhile projects for the betterment of athletics in Marion during its first year of activity, will join with the St. Mary Booster club to sponsor a benefit baseball game between the Marion Cubs and the Portsmouth Athletics June 5 and plans several other programs to bring Marion up in the high school sports world.

Membership fee in the Booster club is one dollar a year.

Eight Minor Cage Rule Changes Made

By The Associated Press

NEW YORK, March 27—Eight new rules will govern basketball games next season. None of the changes is major.

The new regulations were adopted by the National Basketball committee which closed its annual meeting here yesterday. Here are the changes:

1. The clock will be stopped every time the ball becomes dead during the final two minutes of a college game. In the past it has been stopped each time during the last three minutes. No change was made in the high school rule which stops the clock on each dead ball after five minutes of the fourth quarter.

2. A foul committed on a throw-in from out of bounds on a dead ball will be charged as a personal instead of technical foul.

3. No offensive teams will be allowed to place as many as three players in close formation on any restraining line when taking the ball from out of bounds.

4. A player taken oue during a time out period can return before play is resumed.

5. A coach can talk with his team at the bench during time outs.

Substitutes will be required to report only to the scorekeeper upon entering the game and will not have to report to the referee.

7. A player who commits a foul must raise his hand so he can be identified by the spectators.

8. All jump balls will be made at the nearest of three six-foot circles.

JUNIOR LEGION FINALS SET

By The Associated Press

INDIANAPOLIS, March 27—Finals of the 1948 American Legion National Junior Baseball tournament will be held Sept. 6-10 at Indianapolis. The Robert E. Bentley Post No. 50 of Cincinnati won the championship at Los Angeles last year.

AUTO RACER HURT

By The Associated Press

NORWALK, O., March 27—Elmer Wilson, 31, Maumee, O., well-known midget auto race driver, was hurt seriously yesterday when his automobile skidded from route 20 near Wakeman and overturned. State highway patrolmen said he apparently fell asleep at the wheel.

Strike Threatens Jamaica Opening

By The United Press

NEW YORK, March 27 — A strike of groom and exercise boys today threatened to prevent the opening of the New York racing season at Jamaica April 1.

The racetrack members of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (AFL) revealed last night that they have voted to strike against some owners when "the executive board (of the union) deems such a strike would be most effective."

The Jamaica track was shut down by a similar strike for one day last fall.

Michigan Swimmers Lead, But Bucks Ready To Give Battle

By The Associated Press

ANN ARBOR, Mich., March 27—With better than half the events run off, Michigan today stood out in front in the three-day NCAA swimming championships. But the defending Buckeyes from Ohio State were poised to make a dog fight of the meet.

The Wolverines placed in every one of the first six events for a 29 point total, and an 11 point lead over the Bucks.

However, Ohio State, which collected 12 points in the one meter fancy diving, is almost certain to repeat in today's high board event and make things tough for Michigan in the stretch.

3 Records Fall

In the preliminaries, George Hoogerhyde, speedy Michigan State tanker, splashed to a 2:09.1 in the 220 race. The mark supplanted the 2:09.6 mark of Washington's Jack Medica, set in 1936.

Allen Stack, Yale back stroker, set his mark at 1:31.8 in the 150 yard finals to eclipse the old record of 1:33.5 established in 1943 by Harry Holiday of Michigan, who swam a poor second to the easterner last night.

The giant Michigander came back later and led his 300 medley relay team to the third new record of this meet. Holiday, breast stroker Bob Sohl and Dave Tittle, free styler, raced the distance in 2:51.9, just 1.5 seconds better than the meet record Michigan established in 1943.

Bill Smith Wins

Bill Smith, the Hawaiian-born speedster from Ohio State kept the Buckeyes in the running when he contradicted earlier fears about his condition by racing away with the 220-yard free style event.

His diving teammates, Bruce Harlan, defending champion Miller Anderson and Jack Calhoun, placed one-two-four in the low board competition to keep Ohio State in the fight.

FIGHTS LAST NIGHT

By The Associated Press

NEW YORK—Rocco Rossano, 144, Brooklyn, knocked out Eddie Glosa, 138, Philadelphia, 1.

MIAMI, Fla. — Elmer "Violent" Ray, 152½, Hastings, Fla. stopped Al Smith, 154½, New York, 3.

By The Associated Press

BARBERTON, O., March 27—The Barberton High school Magics, claimants of the state football championship last fall with an undefeated record, open spring drills Monday.

GEN. ARNOLD CALLS FOR ANTI-RED UNION

By The Associated Press

SONOMA, Calif., March 27—Gen. H. H. (Hap) Arnold Friday called for a union of democracies strongly backed by air, sea and land power to stop communism's world advance.

"Some nations respect only force and power. Russia is just such a nation," Arnold wrote in his weekly column in the Sonoma Index-Tribune. The wartime chief of the air forces retired to a ranch here.

"Get a union of democratic nations with the common purpose of stopping the advance of Communism—and if that union were backed by the mightiest air force in the world; by armies and navies that matched the Russian armies and navies, but with superior equipment, then were such a federation to say to Russia: 'There is the line over which you shall not step,' she would then understand what we meant for we would be talking her language."

Arnold began his column with: "Personally I do not believe war is just around the corner, nor do I believe Russia wants war; nor do I believe Russia is ready for war.

"I do believe that Russia will go just as far as she can—short of war."

Heart disease, the leading cause of death in the United States, accounted for 30 per cent of all U.S. deaths in 1944.

BOSOX SELL GUTTERIDGE

SARASOTA, Fla., March 27—The Boston Red Sox sent veteran infielder Don Gutteridge packing off to the Pittsburgh Pirates today.

Gutteridge, who was obtained by the Bosox from Toledo in 1946, was sold yesterday. He was player-manager at Toledo.

EVERS' CATCH SAVES REDS

TAMPA, Fla., March 27—Hoot Evers' diving catch saved the day as the Cincinnati Reds scored a 13-inning 6 to 5 victory over Detroit yesterday.

Pitcher Bucky Walters of the Reds helped his own cause along with a three run homer, but Augie Galan's double and Walter Cress' subsequent single produced the winning runs.

* * *

BUCS LEAVE CHESNES

SAN FRANCISCO, March 27—The Pittsburgh Pirates today told their $105,000 purchase from the San Francisco Seals, Bob Chesnes, to remain here for treatment of his burling arm when the club swings east.

Chesnes had bone chips removed from the arm in an operation.

The Pirates lost to Oakland, 3-0, last night.

Rise of Slugging New York Giants Pegged To Wings of Hurling Corps

By BOB MYERS
AP Sports Writer

PHOENIX, Ariz. — The New York Giants quit their spring training camp here in even more optimistic spirits than a year ago, and for good reason.

As is well known, the 1947 Giants literally slugged themselves out of the cellar with a record barrage of 221 home runs. They moved into fourth place.

THUMBNAIL PREVIEW
NEW YORK GIANTS

Pitching—Hopeful.
Catching—Fine.
Infield—Smooth.
Outfield—Tops.
Hitting—Sensational.
Finish—First division.

And unless bad luck overtakes them, they figure to finish as well in the 1948 campaign—if not better.

How much better, of course, is a prediction conservative Mel Ott declines to make, but he thinks the club has a "chance" to win the pennant.

The overall picture—

Tremendous hitting, one of the best infields in the National league (and that includes St. Louis), and half of a battery that takes a back seat to no one.

The other half—the throwing half—might be only fair but could be good. Given something even better and the Ottmen will be definite championship contenders.

Top man on the pitching staff is, off his last year's record, tall, well built Larry Jansen, who proved a remarkable surprise in winning 21 games in his freshman year in the big show.

See Duplication

Most of the Giants' official family, including veteran Scout Walter Ruether, who has been helping Ott with the pitchers, see no reason why Jansen, with his control and good head can't duplicate his performance. Give him two or three runs and he is hard to beat.

Three Giant outfielders, Sid Gordon, Willard Marshall and Whitey Lockman, left to right, hold their war clubs.

Interesting, too, will be the efforts of 23-year-old Clint Hartung, the much publicized rookie of the 1947 spring, who started out as an outfielder and was bad, was shifted to the mound and in his first real test threw himself to nine wins against seven defeats. "Threw" is the proper word, because the rookie from Hondo, Tex., couldn't do much else.

Opinion seems divided as to his potentialities, but predictions range from 12 wins this year to—and this may surprise you—20 or more games.

Hartung in a sense is a mystery. He whipped the Cubs 3 to 2 in 12 innings and the Cubs still shake their heads over the game, and no less than Ralph Kiner, the homerun king of the loop last year, went 0 for 16 against rangy Clint. Yet some of the clubs beat his ears off.

Can Be Trusted

Ott has another newcomer in Ray Poat, who turned in a 11-7 season in the International league with Baltimore and then finished the year with 4-3 at New York. He won from the Cardinals and beat the Brooklyns twice giving fair indication that he can be trusted as a starter this year.

Of the veterans, there is Dave Koslo, who was one of six southpaws in the league to win 15 or more games, and Monty Kennedy, who can look like Newhouser at times and as wild as a hare at others. Both could be of great help, along with Lefty Earl McGowan, who won 17 and dropped 11 for Minneapolis. So can Verne Olsen, a stylish curve ball artist if his arm has recuperated from trouble sustained in the Army. Formerly with the Cubs, Olsen after a three-year layoff might register a surprise come back—and some folks won't be surprised, at that.

Ott has three good relief pitchers in Joe Beggs, Ken Trinkle, who was the club's leading fireman last year in 62 trips to the mound, and Sheldon Jones.

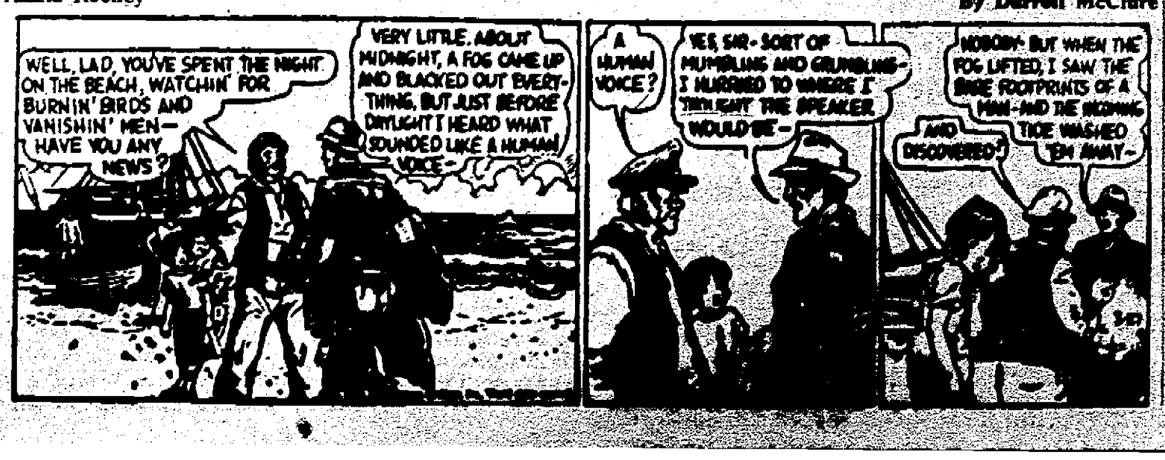
Annie Rooney — By Darrell McClure



WELL, LAD, YOU'VE SPENT THE NIGHT ON THE BEACH, WATCHIN' FOR BURNIN' BIRDS AND VANISHIN' MEN—HAVE YOU ANY NEWS?
VERY LITTLE. ABOUT MIDNIGHT, A FOG CAME UP AND BLACKED OUT EVERYTHING, BUT JUST BEFORE DAYLIGHT I HEARD WHAT SOUNDED LIKE A HUMAN VOICE—
A HUMAN VOICE?
YES, SIR—SORT OF MUMBLING AND GRUMBLING—I HURRIED TO WHERE I THOUGHT THE SPEAKER WOULD BE—
AND DISCOVERED?
NOBODY—BUT WHEN THE FOG LIFTED, I SAW THE BARE FOOTPRINTS OF A MAN—AND THE RISING TIDE WASHED 'EM AWAY—

Steve Canyon By Milton Caniff

STOP THE MAN-BIRD OR THE GREAT NINE WILL WANG US ALL!
THE MAN-BIRD SPITS BULLETS!
HE'S LIFTING, HAP! LET GO THE LINE!
IN THE FLYING SNOW AND CONFUSION, STEVE AND HAPPY EASTER FLASH PAST THE ASTONISHED NOMADS ON THE IMPROVISED SLED...
WHERE NOW, STEVIE?
INTO THE PASS THEY CAME THROUGH! WE MAY BE ABLE TO COOK THEM UP UNTIL THE NEIGHBORING VILLAGES ARE AROUSED...
...AS IF I'M FOOLING HAP!

Blondie By Chic Young

WHY ARE YOU TEARING THE HOUSE TO PIECES?
I'M LOOKING FOR SOMETHING
I PUT IT IN A PLACE WHERE I'D BE SURE TO FIND IT AND NOW I'VE FORGOTTEN THE PLACE
WHAT WAS IT YOU LOST?
I'VE EVEN FORGOTTEN WHAT IT WAS I LOST

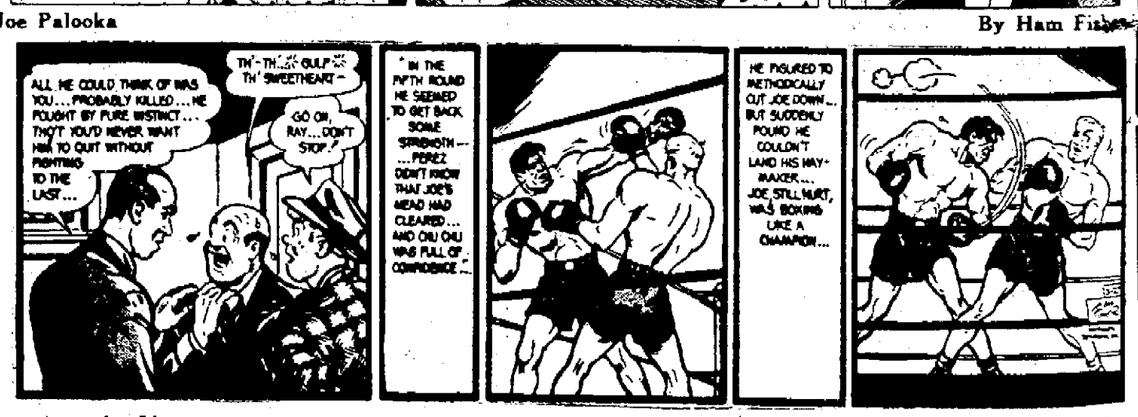
Dick Tracy By Chester Gould

THIS IS AS FAR AS I GO. LET HIM AND MRS. VOLTS CARRY ON.
BIXEY! YOU CAN'T LEAVE US!
ARE YOU NUTS? CLOSE YOUR YAP! LET 'IM GO.
I'M GONNA LEAVE YOU, TOO, UNLESS YOU TELL ME WHAT YOU PLAN TO DO.
NO! NO! CHARLES! YOU CAN'T DO THIS TO ME!
TAKE HIM OUT TO THE WAGON AND KEEP 'IM COVERED.
THEY DROVE RIGHT THROUGH THE BACK DOOR.

Superman By Jerry Siegel and Joe Shuster



FANCY THAT, OGY! CLARK KENT IS REALLY SUPERMAN!
OW!
OH, NO! SUPERMAN IS REALLY CLARK KENT, OGY!
BUT, SUPERMAN— YOU LOOK SO WORRIED. AREN'T YOU GLAD TO SEE US?
GLAD! WHEN A SECRET THAT I'VE SUCCESSFULLY KEPT FOR YEARS HAS TO FALL INTO THE HANDS OF YOU TWO INVISIBLE BLABBERMOUTHS!
DON'T WORRY, SUPERMAN, OLD PAL. WE WON'T GIVE AWAY YOUR SECRET.
THAT'S WHAT YOU SAY, OGY. BUT I DON'T SEE ANY REASON TO KEEP HIS OLD SECRET— NOT ME! I'M GONNA TELL EVERYBODY!

Gasoline Alley By Frank King

I DON'T LIKE TO KNOCK YOUR RELATIVES, NINA, BUT AUNT HESSIE IS GETTING TO BE A PROBLEM.
SHE'S NOT A BLOOD RELATIVE, BUT, AT THAT, I DON'T WANT TO HURT HER FEELINGS.
WE'VE GOT TO DO SOMETHING. SHE'S FAST GETTING TO BE PERMANENT.
WE CAN'T JUST PUT HER OUT. WE'VE GOT TO THINK OF A GENTLER WAY.
SO THAT'S IT! I CAN TAKE A HINT.

Joe Palooka By Ham Fisher

ALL HE COULD THINK OF WAS YOU... PROBABLY KILLED... HE FOUGHT BY PURE INSTINCT... THOT YOU'D NEVER WANT HIM TO QUIT WITHOUT FIGHTING TO THE LAST...
TH'-TH'-GULP TH' SWEETHEART—
GO ON, RAY... DON'T STOP!
IN THE FIFTH ROUND HE SEEMED TO GET BACK SOME STRENGTH— ...PEREZ DIDN'T KNOW THAT JOE'S HEAD HAD CLEARED... AND OLU OLU WAS FULL OF CONFIDENCE...
HE FIGURED TO METHODICALLY CUT JOE DOWN... BUT SUDDENLY POUND HE COULDN'T LAND HIS HAYMAKER... JOE, STILL HURT, WAS BOXING LIKE A CHAMPION...

Terry and the Pirates By George Wunder

CHAZZ IS RIGHT! THE GUERRILLAS ARE TOO CLOSE. WE'D SOUND LIKE A HERD OF BUFFALO IN THIS DRY UNDERBRUSH— AND THOSE CHARACTERS WOULD DECLARE AN OPEN SEASON.
WE'VE GOT ONE SLIM CHANCE— WE SLIP INTO THE SHALLOWS AND HIDE IN THE REEDS. IF THEY GET TOO CLOSE, WE SUBMERGE ENTIRELY— WITH ONE OF THESE HOLLOW LENGTHS OF BAMBOO IN OUR MOUTHS TO BREATHE THROUGH, IT MIGHT WORK...

The Gumps By Gus Edson

AT NO TIME IN HISTORY HAS THERE BEEN A MORE URGENT NEED FOR AN OUTSTANDING LEADER!...
ONE WHO CAN LIFT HIS PEOPLE OUT OF THE MORASS OF POST-WAR DISILLUSION AND INTO THE HAPPY LAND OF PEACE AND CONTENTMENT....
YES, MIN... I CAN PLAINLY HEAR THE VOICES OF MY NEIGHBORS THROUGHOUT THE LAND CALLING ME...
I HEAR THEM, TOO— THEY WANT YOU TO PIPE DOWN SO THEY CAN GET SOME SLEEP!

TODAY'S BIRTHDAY

By AP Newsfeatures

GLORIA SWANSON, born March 27, 1899, in Chicago, was one of America's most famous and glamorous stars in the twenties and thirties. Women copied her beauty secrets, her mannerisms and her clothes. She began with silent films in the days of custard pie comedies, moved into sleek sophisticated roles and held her own when the talkies came. After her movie retirement she made a Broadway debut.

New Magnetic Clutch For Autos Invented

By The Associated Press

WASHINGTON, March 26—A new magnetic clutch for automobiles and other machinery has been developed by a government engineer.

The National Bureau of Standards said today the clutch, invented by Jacob Rabinow of its technical staff, features "high efficiency," smooth operation, long life and simplicity of construction."

The new mechanism differs from the conventional "dry friction" clutch—which brings gears more less into direct contact—and "fluid" clutch—which makes one gear churn oil which in turn rotates another gear on the same principle as a water wheel.

MOTHER SENTENCED

By The Associated Press

CANTON, O., March 26—Mrs. Violet Jane Rufer, 28, today was under a one-year sentence in Marysville reformatory for women after being found guilty of neglecting her four children, ranging in age from 1 to 6. The husband, John, 38, faces similar charges. He is under arrest in Ashtabula on an auto theft charge.
